SEPTEMBER 14 FINAL DATE TO REGISTER FOR ELECTION

LABOR UNION, CITY OFFICIALS URGE ALL TO VOTE

Leaders Stress Need For Large Registration

Register now if you are a new resident of San Mateo county, or re-register if you have moved within the county should you desire to vote at the November election, warned County Clerk W. H. Augustus this week.

Registration qualifications are one year's residence in the state and 90 days in the county prior to the day of the election.

"State records indicate that the people of San Mateo county do enjoy the privilege of voting, for this county was second among the ten largest counties of the State in the percentage of votes cast as compared to the number of registered voters at the recent primary election," said Augustus.

Every convenience is offered to permit residents to register. Registrations will be taken during office hours by all the City Clerks' offices throughout the county and by over 125 other Registration Deputies located coneniently in the various areas of the county.

In addition, Registration Deputies will be on duty at the following locations to accommodate those persons who are unable to register during normal business hours.

DALY CITY: Ernest E. DaRosa, September 11, 12, 13, 14, 7 p.m. to 9 p.m., 5 Wellington avenue.

"Be proud of your right to vote and the fact that you have performed your duty in doing so," said Augustus. "But you must register now. Remember September 14th is the last day to register for the coming general election. Don't put off until tomorrow what you can do today—don't delay register today," cautioned Augustus.

Meanwhile, Mayor Paul Green today proclaimed the week September 8-14 as "Registration Week" in Daly City.

Pointing out that hundreds of new residents have moved to this city during the last several months, the mayor urged them to register at the city hall in order to qualify themselves as voters.

HOW IT LOOKS FROM A CORNER

By BILL KATZ

Attention Florida

California may be the state of sunshine and smog, but Daly City is an outpost for nothing but pure fog. At least that's the conclusion of petite Beverly Clement, Jefferson elementary playground director.

During the past three months Beverly asserts she has been counting the number of sunny days. Consequently, as Daly City's official weather man, Beverly knows of what she speaks.

According to her calculations, during the summer Daly City had but 10 sunny days. That's right, only 10 days of summer sunshine . . . not counting the weather miracle over the Labor Day holiday.

Attendance

While we're on the subject of weather and playgrounds, Elman Rose, Daly City Recreation director, reports that despite the fog some 8,000 children each week turned out to take part in various recreation activities during the summer.

This figure, we believe, compares favorably with the number of Hopalong Cassidy's radio fans in Daly City. A comparison like that should give parents some idea how popular Daly City playgrounds are with the small fry.

TV Menace

A common sight in city and hamlet these days is the TV aerial waving triumphantly over castle and cottage. In all probability this is a measure of progress but some-

(Continued on Page 2)

GEORGE RITTER EATS 23 SCOOPS OF ICE CREAM

"The kids took to 'Ice Cream Land' like ducks to water," asserted James M. Denny, proprietor of the new store at 2159 Junipero Serra boulevard, in describing his opening last week end.

"I must quickly add that I am more than gratified for the terrific response of the youngsters and the oldsters," continued Mr. Denny. "Moreover, I wish to express my profound thanks to the folks of this neighborhood.

"You know, opening a new business today is of great concern even to the most placid individual, therefore, it is easy to understand my appreciation of the splendid patronage afforded my shop."

With that Mr. Denny spoke in glowing terms of the lads who vied with each other in consuming ice cream. He offers a number of prizes for the various contests.

"George Ritter, of 162 Vista avenue, Daly City, really knuckled down to the task of putting it away on Monday," explained Mr. Denny. "In the end, George had devoured no less than 23 scoops of ice cream!

"Do you know what that means in terms of quantity? Well, it comes to a total of one gallon and a pint, or nine pints. In any case, if no one tops that amount by next Monday, George will be awarded a five dollar bill."

Mr. Denny said that he believed the wide variety of flavors and concoctions are proving a strong draw for his place. He pointed out that his list including 65 tastes, all different, and his sundaes, ranging up to $10 each, are enough to satisfy the most discriminating tastes.

Canadian Mail Embargo Lifted

Postmaster John F. Fixa today announced receipt of instructions from Postmaster General Donaldson lifting the embargo on mail to Canada.

The embargo was placed into effect by order of the Postmaster General on August 22 when the strike of railway employees in Canada became effective.

The text of Postmaster General Donaldson's order lifting the embargo follows:

"As railway transportation in Canada has returned to normal, Order No. 43866, printed in the Postal Bulletin of August 24, 1950, is rescinded, and effective at once all classes of mail are accepted for delivery in Canada.

COURT RULES QUARRY STRIP WORTH $4,465

City Wins Long Fight; Brunswick Street To Be Extended

Daly City will pay H. H. Smith Sr., 187 Irvington street, $4,465 for a 400 foot strip of land thru the Hillside quarry, City Attorney Frank Blum announced today.

The payment, which is $557 lower than the city offered Smith for the land July 20, 1949 is a result of a decision handed down by Superior Court Judge Leonard R. Avilla this week.

When the city opened condemnation proceedings against the land, extending from Brunswick street and Wellington avenue to Hillside boulevard, Smith had requested $47,040 for the property and $159,234 for severance dam-

SONG EVANGELIST

Hartley Postlethwaite, famous song evangelist, will be the guest of the Daly City Church of the Nazarene, 101 Vista Grande avenue, September 10 to 17. The Rev. John A. Nicholson announced today.

The singing evangelist will be the principal guest of the seven day revival service at the church.

Also present will be Rev. Fred L. Vaught, gospel preacher. A graduate of the Olivet College in Illinois, he is widely known as a youth evangelist. He derived this name from his popularity with young people and the fact that a few years ago he was the boy preacher from Indiana.

The seven day meeting is being sponsored by the Nazarene Young People.

A MOTHER WRITES AN OPEN LETTER TO ALL PARENTS

She Calls For Support Of Sept. 29 Election

(Ed. Note: All Daly City residents will be asked to go to the polls September 29 to approve the construction of 64 new classrooms in Daly City. Following is a letter from Mrs. Jane Keith, a mother and ardent supporter of the bond issue, calling on all parents to vote "yes" September 29. The Daly City Record would welcome all letters of this type, and will be glad to give them space in the paper.)

Dear Parents:

The Citizens Committee for Schools has been working and planning for some time now to organize material and marshal facts — for you!

Sample ballots will be mailed to all registered voters along with pamphlets which highlight the desperate need for more schools in the Jefferson School district.

General Chairman Paul Green made the following statement to members of the steering committee last Wednesday night and I feel that every parent, every interested person, should take his words to heart and translate them into action!

Here is his statement: "We have had nothing but the most complete cooperation from the newspapers, from the businessmen and from the civic leaders in Daly City in starting this campaign. That is wonderful — but remember that the finish of the campaign is in the hands of your neighbor and my neighbor.

Urge your friends to learn the facts and spread them — neighbor to neighbor. Those facts will show no political trickery, no hidden taxes — just a Daly City in desperate need of more classrooms for its children and a State plan to acquire them."

Mrs. Jane Keith

DC Woman Dies Of Gunshot Wound

Following 17 days during which time she never regained consciousness, Mrs. Stella Smith, 52, 51 Evergreen, died in San Mateo community hospital of a bullet wound in her head at 3:25 a.m. Tuesday.

Mrs. Smith was rushed to Junipero Serra hospital and thence to the community hospital Sunday, August 24, a few minutes after 3 p.m. when her husband found her on her bed, a gun clutched in her hand, and a bullet through her head.

After extensive questioning of Mrs. Smith's husband, Lester Frank, Daly City police gave the summary conclusion that Mrs. Smith had committed suicide. No definite decision was to have been reached until Mrs. Smith was able to talk to police.

As she was never able to speak, the case was turned over to the district attorney's office for further investigation, Chief W. W. Sunderland said.

The district attorney's office today said they were satisfied Mrs. Smith had committed suicide.

WHERE IS SHE?

Have you seen this girl?

She is Mickie Westmorland, 17, who disappeared from her home, 78 Liebig street, San Francisco, last February.

Her mother today appealed for assistance from Daly City residents who may have seen Mickie over the past few months. She hopes that through this picture some local resident will be able to tell her of Mickie's whereabouts.

The missing girl is 5 feet, 3 inches tall; weighs about 128 lbs., has blue eyes and dark blond hair which may be dyed. When last seen Mickie's health was poor her mother said.

Mickie attended Balboa High school and was four months from graduating when she disappeared.

Anyone having information concerning her whereabouts is asked to call her mother at PLaza 5-0487 evenings. In searching for her child Mrs. Westmorland has suffered severe illness and is near a complete break down.

A reward is offered for information as to her whereabouts.

Give Old Papers To St. Vincent

Want to get rid of those newspapers you've stored in your basemen over the summer?

The Daly City bureau of St. Vincent dePaul offers you that opportunity this week. The bureau will pick up the papers free of charge, if you'll call them at PLaza 5-4346.

And in case you'd like to drop them off at the bureau, the office is open six days a week at 6740 Mission.

From the sale of the papers, the bureau will be able to raise funds to assist needy children and families in this area.

Also, if you have any old clothes, furniture, or other types of household equipment, the bureau will be glad to take these. When they come after your papers, why not do a good job of it and really clean out your basement.

This drive is designed to help you keep a neater house, and to assist some needy family. Won't you help?

Heat Turned On Daly City Friday

Not only was "Old Sol" turning the heat on Daly City last Friday, but three minor fires also warmed up the community during the afternoon.

City firemen got their first work out at 1:45 p.m. when a grass fire, evidently set by children, swept over a vacant lot at the western end of Bepler street. Fire Chief Elmer Kennedy reports damage was nil.

While blaze busters were busy at Bepler, Assistant Fire Chief A. J. Bodien was having trouble with a trailer full of tar on Flournoy between Mission and San Jose. The excessive heat had set the tar trailer ablaze, and Bodien, assisted by the two truck divers for the City Roofing Company, attempted to stifle the fire.

The three men checked the blaze for 15 minutes until a fire truck could arrive from Bepler and finish off the job. Except for some tar splashed on a nearby car, there was no damage at this fire.

Final blaze of the day was a grass fire in the Crocker Hills back of Lowell street at 2:55 p.m. Here again, except for burned over grass, the damage was minor.

COUNCIL AGAIN TURNS THUMBS DOWN ON USE OF LOWELL BY MOVIE

Citizens Asked To Financially Support September 29 School Bond Issue

Launching an all out program to raise funds for the support of the September 29 school bond election, the Citizens Committee for Schools today called on local residents for monetary contributions.

The money will be used to purchase pamphlets, pay for voting booths and generally spread the word about the necessity of passing the bond issue.

"As this is no political election, but rather an election to benefit our children, we feel it is only right that the whole community should support efforts to inform the voters," Peter Markovich, finance chairman, noted today.

Any contributions from $1 to $1,000 will be more than welcome, Joe Lewkowitz, assistant chairman said.

Among those who have contributed to date are: Vern Smith, Frank Hitchner, Mrs. J. B. Scally, Don Clark, Mrs. Adolph Sachli, Frank Lombardi, Joe Lewkowitz and Walter Rector.

If you desire to assure the success of the bond election, contact either Lewkowitz at the Daly City Super Service, corner of Mission and San Jose, or Peter Markovich.

Flying Saucer To Be On Display

Want to see a "flying saucer?"

Well, a genuine aluminum model of the famed saucer will be on display at the Daly City Super Service station, corner of Mission and San Jose this week end.

The gas propelled model, six feet in diameter, is the brain child of Bob Moore, Daly City inventor of some note. After many weeks of calculations Bob worked out plans for the saucer which is run on helium and in every way duplicates the mysterious shapes that have invaded the heavens over the past three years.

This is no "crack pot" idea, either, as Bob claims to have flown several sister models out over the Pacific Ocean at what he terms a terrific rate of speed. He lost two models only a month ago when they gained altitude so fast he couldn't keep sight of them.

Detailed information on Bob's models, as well as the genuine saucers, is not available at this

(Continued on Page 2)

TOYLAND NURSERY FATE DEPENDS ON COURT & COUNCIL

School Faces Closing Unless City Approves

Whether or not the Toyland Nursery School, 462 Templeton, will be allowed to continue operations is to be decided September 15 in city court.

Frank Blum, city attorney, said today that the question of the nursery centers around whether or not it is legal for such an establishment to be located in a residential zone. The city contends it is not, while Mrs. Grace Wilson, nursery manager, says it is.

It will be up to Judge W. J. Sweeney to decide the issue.

The controversy arose eight months ago when Mrs. Wilson's neighbors asserted the school was a "nuisance" and the children made "excessive noise." They called on the city to revoke Mrs. Wilson's permit.

Meanwhile, Mrs. Wilson reports she is trying to secure the American Legion building, 474 San Diego avenue, as headquarters for her nursery. If the use of the building is obtained, she can care for some 30 children. In the present quarters the law allows her five students, plus her own child.

Before the Toyland Nursery school can move its quarters, the Legion hall must be declared safe by the state fire marshal (he has already given his verbal approval) and the city council must give Mrs. Wilson a use permit.

It is expected the council will consider the matter at their regular meeting Monday night, September 11.

15 Men Enlist In Navy During Month Of August

Fifteen (15) men enlisted in the navy during the month of August, through the navy rcruiting office in San Mateo, it was announced today by Chief "Pete" Foulger of the San Mateo recruiting station.

Young men desiring information regarding enlistments or reenlistments in the navy should contact the navy recruiting office in San Mateo in the Post Office building or see the navy recruiter in the county courthouse in Redwood City.

Echoes of an old fight and possibly the beginnings of a new controversy were heard in city hall this week as the Starlite Theatre Company requested entrance to Lowell street.

City Administrative Officer Orrin Wendling advised the company it was useless to seek such a permit as the Daly City council had gone on record February 6 opposed to allowing the drive-in theatre use of Lowell.

David Bolton, secretary for the firm, had no comment today on what further steps the theatre company would take.

However, it was evident that some major move was in the making as the company has completed 75 per cent of the new drive-in theatre located in the northeast corner of Daly City, and hopes to begin operations within a few months.

With the completion of the theatre, to be known as the "Mission Drive-in," the company will have tied up between $150,000 to $175,000 in equipment and beautification of the area, Bolton said.

While the theatre will have an entrance off of Guttenburg it will be necessary for them to get an exit on Lowell street. The city council, at the request of irate citizens in Concordia has denied the company the right to break a curb on Lowell and put down about 10 feet of commercial roadway in a residential zone.

Concordia residents made the request to block Lowell last February when the theatre refused to pay more than $4,500 toward putting in sewers and streets in Concordia. Total cost of this project,

(Continued on Page 2)

DC Woman Takes "First Donor" Spot

Mrs. Mary Wakefield, 475 Evergreen, today shoved A. L. Sundstrom, 174 Crocker, out of the first position as Daly City blood donor.

Last week the Record reported Sundstrom has given 13 pints of his blood to the San Mateo County blood bank, and therefore he held the position of giving more blood than any other resident of Daly City.

Not so, says Mrs. Wakefield, who claims she has given not 13, but 16 pints of blood. However, she notes they all weren't given to the San Mateo county blood bank.

Consequently, to date Mrs. Wakefield holds the position of "first donor" in Daly City.

Are there any more contenders for this worthy title? If so, call the Record, PLaza 5-4321.

Council Rejects Edgewood Park Bid

Another case of "too high" bids forced the city council last Thursday evening to reject figures submitted by three contractors for installing Edgewood Park playground.

Just last Monday the council rejected bids for the Memorial Community Center as the lowest was almost 50 per cent higher than the estimated figure of $277,000.

Lowest bidder for the Edgewood park project was Phillips Concrete Construction Co. with $13,081. This was rejected as no legal bond accompanied the figures. Next lowest bids was that of Cal Neva Construction Co. in the sum of $14,580.

Only other major business before the council Thursday was to set October 9 as the date of public hearing on the city's proposal to lay a road over a section of the Westlake Ocean Shore Railroad right of way. It is this strip of land which is the main contention in a $375,000 damage suit filed by the now defunct railroad against Henry Doelger, Westlake builder. The railroad has obtained a temporary injunction forbidding Doelger's men to cross the right of way which cuts the southeastern section of Westlake in half.

The city proposes to put down a street over a section of the 60-foot-wide strip as a part of the development of the Westlake subdivision. This move is expected to be the center of a stormy hearing October 9, as it would in effect destroy the railroad's claim to a right of way and allow Doelger to cross the strip at will.

In connection with the acquisition of the right of way, the city passed six resolutions setting up the legal machinery for such action.

Action on parking meters was postponed until later this week to give the city council time to study the various types of parking meters offered for installation in Daly City's business district.

"Carnival of Nations" To Be Theme Of OLPH Fete

Theme of this year's annual Our Lady of Perpetual Help church carnival will be "Carnival of Nations," Father William Stewart announced today.

The big show is to be held at the OLPH school auditorium October 13, 14 and 15.

Just who should receive the credit for suggesting a "Carnival of Nations" is hard to decide. There is a little mystery here, but the name of George Calegari springs instantly to mind — and the guess is pretty accurate. Calegari designed and worked out the details for the past two Carnivals. The Wild West show of a few years ago and last year's colorful Circus theme are still fresh in our memories. The decorations and settings for these two Carnivals were such hits that visitors from all over Daly City and San Francisco came to see them and stayed to have the time of their lives.

Celegari is a continual source of amazement to his fellow workers. It is easy to overlook him in the maze of workers, as he is a quiet, mild-mannered man with none of the temperment that one has learned to associate with artists, and an artist he truly is.

This is the way he appears to work. Quietly and courteously he listens to all suggestions, then suddenly a whirring sound is heard; it is all the little gray brain cells beginning to perk. Sparks are seen flying around his head. With a leap, a flourish of the paint brush, a hammer and a bang here and there, a perfectly stunning effect is achieved—just exactly the touch needed.

Actually, of course, much thought, planning and hard work is necessary, but both Frank Denning and William Whalen, who assisted Celegeri in putting his ideas to work in the past Carnivals consider it a privilege to work with him, as well as a lot of fun.

Each booth will be decorated to represent a foreign country, with the workers in native costumes. These costume affairs are always enjoyable as each chairman and worker is full of clever ideas and a olt of good-natured rivalry develops between the booths.

Naturally, each group wants his booth to be just a little nicer than the other and the net result is outstanding. Needles, tongles and ideas will be flying for the next few weeks.

BUTTER 'N EGG MAN

If you think there's going to be a food shortage, get a load of this—and we do mean "load." Here is what Uncle Sam is holding in the way of food surplus—192 million pounds of butter, 322 million pounds of dried milk, 80 million pounds of cheese, 107 million pounds of dried eggs, plus fantastic quantities of grain and endless bales of cotton. Oh yes, there are surplus potatoes by the millions of bushels and so on.

The big question in Washington is how to get rid of all this stuff before it spoils and, worse still, how to keep the surpluses from getting rapidly bigger. Under the farm support program Uncle has to keep on buying products that are already running out his ears. He'd like to give it away, but this will cost $50 million or more and then he can only dispose of it where it won't effect the current market prices.

It costs the government billions to buy the stuff that nobody wants—at the prices being charged. Uncle buys it to keep the prices up so he and everybody else has to pay more. How crazy can we get?

NOVEMBER OUTLOOK

One thing is certain about the coming State general election; it's going to be most uncertain. A few candidates such as Lieutenant Governor Goodwin Knight, Controller Thomas Kuchel and Treasurer Charles G. Johnson won't have any worrisome opposition, but the rest of the field is in for plenty of trouble.

With a 731,000 popular majority in the primary Governor Warren should stave off the Roosevelt bid for his job. But the Governor knows he's in for a tough fight in the final test.

One of the hottest battles will be waged for the senatorial seat vacated by Democrat Sheridan Downey. The June returns gave GOP Representative Richard Nixon a popular vote edge over Democratic Representative Helen Cahagan Douglas of 168,000. The big question is, however, which way the votes of the defeated candidates for senator will swing. These total more than 750,000.

In the race for the office of Attorney General, District Attorney Pat Brown of San Francisco starts the final lap with a popular vote margin of more than 100,000 from the primary. But here, too, a lot will depend on who gets the million votes cast for the unsuccessful candidates in June. That's more than either nominee received.

The vote in the general election is invariably larger than in the primary and this will add a further factor of uncertainty to the final outcome. He is a brave (or foolish) man indeed who will venture a prediction on what will happen.

TV GAINING

Make no mistake about it, television is gradually, or maybe not so gradually, pulling the big name stars away from radio. Signups for the fall program reveal that such entertainers as Fred Allen, Eddie Cantor, Jimmy Durante, Frank Sinatra, and Burns and Allen will be seen on the air. But it's notable that the swing to TV is heavier this year than last and promises to increase in the 1951 fall season. If, and when, soap operas go on television it's gonna be tough facing Portia while she faces life.

FALL MADNESS

With the baseball season rapidly approaching its fall climax and with the football season about to blossom forth, a lot of people are getting back to abnormal. Well, it's all part of the American Way of Life, even though it's on the daffy part.

RUNNING AWAY

Not every German who packs a gun in the East German army is ready to do or die for Joe Stalin. From the moment the North Koreans smashed across the 38th parallel the men in that army knew they were to fill a similar role in the Reich. And a good many, it is reported, are slipping away into Western Germany to avoid any part in it. Stalin may have reason to wonder just how dependable his East German army would be in case of armed conflict.

County Butchers Get Pay Hike

Nearly 500 San Mateo county butchers received a pay increase and a health and welfare plan, following the approval of a five year agreement this week.

The terms, as proposed by Butchers Local 516, provide $3 and $4 increases for journeymen over the present $83 weekly scale.

A health and welfare plan under the California Physicians Service will cost employers $10.18 a month for each employe.

Paper Work On Increase In Recorder's Office

Paper work was again on the increase in the office of Ruth Kirste, county recorder, this last month with personnel handling 7,699 papers as compared with 5,020 for August 1949.

Revenue from the paper work was $21,254 as compared with $13,255 for the same month in 1949.

Even Dan Cupid was busier last month than in August 1949. Marriages were up 31 to a high of 169 for the month.

City Wins Quarry Strip Fight

(Continued from Page 1)

ages. The damages were based on the contention that the eight acre quarry would be made unfit for a proposed million dollar auto court if the city was allowed to cut through it at Brunswick.

Smith had no comment today on whether or not he would appeal the case.

Meanwhile, the city will soon proceed with plans to extend Brunswick street through the quarry, Mayor Paul Green said. This will take a heavy traffic load off of Mission street from Hillside boulevard.

In handing down his decision, Judge Avilla noted that the law makes no provision for the value of land to the owner "under some particular peculiar plan." Therefore, he ruled out Smith's contention that the city's acquisition of the strip of property will ruin his future plans for an auto court.

Under the consideration the judge fixed the market value of the land at $4,465, and granted Smith no severance damage.

City Attorney Blum was assisted by Attorney Roger Anderson, while Smith was represented in the suit by Attorney Gardiner Johnson.

Flying Saucer On Display

(Continued from Page 1)

time.

"I feel I've really solved the problem," Bob said today. "However, it must remain a secret with me."

Joe Lewkowitz, manager of the station where the model is to be displayed, entirely agreed with Bob.

War Prisoner Checks Delayed

Former World War II prisoners of war and civilian internees in San Mateo county who have been wondering why they have not yet received the war claims benefit payments for which they made formal application several months ago are being informed by Floyd D. Granger, veterans service officer, that they have no choice but to be patient.

"The War Claims Commission in Washington, D. C., is badly understaffed," Granger explained. "So far they've been able to adjudicate and pay only about one claim out of every 25 received. It can't be done by a machine procedure like the recent GI insurance dividend, since each case has to be studied individually."

Under the War Claims Act of 1948, former prisoners of war and civilian internees are entitled to payment in view of substandard diet to which they were subjected while in enemy hands. In the case of ex-POWs, this benefit amounts to $1 a day for each day of imprisonment. The money comes from enemy assets held in this country.

Granger pointed out that only formal claims are being considered by the Commission; informal claims, such as letters, do not count. Claim forms are available at the Veterans Service Office in the courthouse, Redwood City.

Surviving next-of-kin of deceased former prisoners and internees may also be eligible for the payments. The veteran's type of discharge has no bearing on his eligibility for war claims benefits, even though it may be of a kind which bars him from other types of veterans benefits.

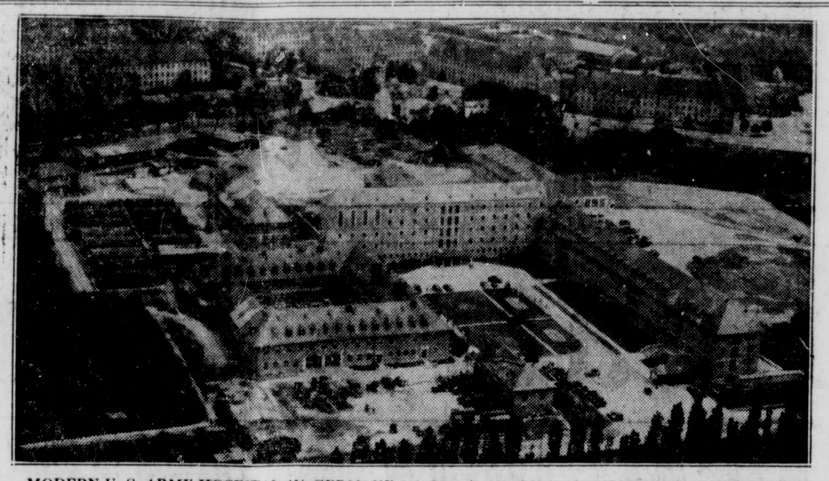
Navy Needs Young Men

The Navy has a place for young men, showing the right qualifications, in one of its many vocational schools, which are available to all young men enlisting in the Navy.

Actual selection for the various schools is made on a competitive basis at the Naval Training Center, San Diego, California, as a result of the marks made on classification tests given each young Navy man during his recruit training.

The following Navy training schools are available: Airman, Basic Submarine, Electronics Technician, Fire Control Technician, Communication Technician, Aviation Photographer's Mate, Electrician's Mate, Aviation Ordnanceman, Aviation Boatswain's Mate, Aviation Storekeeper, Aviation Electrician's Mate, Aerographer's Mate, Parachute Rigger, Machinist's Mate, Photographer's Mate, Sonar Operator, Dental Technician, Hospital Corps, Personnelman, Aviation Machinist's Mate, Storekeeper, Air Controlman, Tradevman, Yeoman, Engineman, Radioman, Journalist, Radarman, Mineman, and Teleman.

For further information in regard to the Navy's Vocational Training Program, visit or phone the Navy Recruiting Station, Post Office buolding, San Mateo. Phone DI 4-2781.



MODERN U. S. ARMY HOSPITAL IN GERMANY—A fine, thoroughly equipped installation is the Army's 97th General Hospital in Frankfort. The Medical Department cares for American troops wherever they are stationed, so today it maintains facilities in numerous oversea areas.

Toivo Pethman

Toivo Pethman, 46, 374 Miriam avenue, was found dead Saturday by his wife and son in the back yard of his home.

He had apparently lain there all night while his family desperately searched for him. Mrs. Pethman said she returned to her home at 7 p.m. Friday after a trip to San Francisco. Although she and her son searched around the house, they did not discover him until 9 a.m. Saturday.

Investigating officers said Pethman was lying so close to the house he could not be seen from rear windows.

Deputy coroners at the W. C. Lasswell mortuary reported death was due to an apparent heart attack. Pethman had been ill for the past four years.

A native of Finland, Pethman moved to Daly City in 1939. He is survived by his wife and a son.

Funeral services were held Tuesday at Lasswell & Company and interment was at Cypress Lawn Memorial park.

Mrs. Mary Breslin

A resident of Daly City for the past 40 years, Mrs. Mary Ellen Breslin, 79, 101 San Diego avenue, died Sunday in a San Mateo hospital. She was the wife of the late John Breslin.

She is survived by three sons, Matthew, Grey and Melvin of Daly City; two daughters, Mrs. Cassie Reinhart and Mrs. Geneva Mateer; 10 grandchildren and three great-grandchildren.

Funeral services were held Wednesday at the mortuary of W. C. Lasswell & Company. A requiem mass was recited at 9:30 a.m. at Our Lady of Perpetual Help church. The rosary was recited Tuesday.

Interment was at Holy Cross cemetery.

William Sea Jr.

A prominent San Francisco attorney and resident of Daly City for the past 40 years, William Sea Jr., 66, 499 Templeton, died at Community Hospital Monday.

Sea practiced law in San Francisco and was a member of the California State Bar Association.

He is survived by his widow, Mrs. Linda May Sea; a daughter, Mary Ada Sea, and a sister, Mrs. Alma Kinsman.

Funeral services will be held today, September 7, at 12:30 p.m. from the W. C. Lasswell mortuary. Inurnment will be at Olivet Memorial Park.

Lowell Street Exit Refused To Theatre

(Continued from Page 1)

not yet completed, is $110,000.

Whether or not the city has the legal right to deny the corporation the use of Lowell is still a question. However, City Attorney Frank Blum advised the council that all indications were they had this right.

Bolton would not say whether the theatre would take the case to court, or make another appeal to the council.

However, not all the odds are against the drive-in, as engineers advised it will be possible to use Guttenburg as both an exit and an entrance until such time as the theatre obtains the use of Lowell.

San Diego Woman Killed In Wreck

A pretty San Diego bank clerk, Miss May Rose Anzalone, 26, who was spending her vacation with relatives in Colma was killed Monday evening when she was thrown 90 feet from a motorcycle at Junipero Serra boulevard and San Pedro road.

Rushed to Junipero Serra hospital at 6 p. m. she died of a skull fracture at 8:30 p. m.

Miss Anzalone was riding on the tandem of the motorcycle driven by Duard Pitts, 29, box 513, Colma, and was catapaulted from his motorcycle when it struck an auto driven by Marvin V. Sevy, 21, of 627 Carolina St. San Francisco. Pitts also was seriously injured, suffering a compound fracture of the left thigh, scalp cuts and other injuries. His condition was described as "good" today by hospital attendants.

The remains of Miss Anzalone have been sent to Brooklyn, New York from the W. C. Lasswell mortuary. She had been visiting Mr. and Mrs. Earl Grigsby of Colma.

Louise Poplowsky

Miss Louise Poplowsky, 53, 246 Los Olivos, died at Mary's Help hospital September 1 following a short illness.

A resident of Daly City for the past 20 years, Miss Poplowsky was a native of Washington, D. C. She is survived by two sisters, Mrs. Elizabeth Atamney and Mrs. Mary Crooks.

Funeral services were held from the W. C. Lasswell mortuary Tuesday and interment was at Olivet Memorial Park.

HOW IT LOOKS FROM A CORNER

(Continued from Page 1)

times we're forced to the conclusion that this particular type of progress is a dangerous thing.

In fact, TV has reached the stage where it is now the subject of not only the Hooper rating, but also of social workers and worried scholars who fear this particular dimension of amusement may reduce the average man's conversational and thinking ability to nill. How, they reason, can a man, woman, or child spend almost every spare moment fondly gazing into a TV set without endangering his or her mental capacities. With TV there is no more time for reading, for discussion, for quiet throught, for family gatherings.

It is conceivable that when TV reaches the point where it will be on 24 hours a day, and in a price range available to every family, that section of the brain which is given to rational thought will shrivel up for want of use.

This, we grant, is a far-fetched idea and a bit radical. Nevertheless, it is possible . . . especially for the younger generation. These days children give more time to a TV set than school books, play, or even the comic magazines. What type of adult is this child going to be when he has reached the age of discretion?

No, for our money, a little TV (which can be a great educational factor) goes a long way. We only hope it doesn't reach the stage where man's imagination will be stifled by a mass of blurry pictures and singing commercials.

The beams of the south veranda of the old Mexican Custom House in San Francisco served as gallows for John Jenkins, hanged by the city's first Vigilance Committee in 1851 as a thief.

The California Academy of Sciences at San Francisco maintains famed Steinhart Aquarium.

Virtually the entire world production of abrasive garnet comes from New Hampshire and New York.

Despite its name, allspice is just one spice. It comes from the pimento tree (not pimiento, the red pepper) and derives the name, allspice, because its flavor suggests a blend of nutmeg, cinnamon and cloves.

★ ★ ★

Did you know that nylon resists mildew, moths and silverfish? And also that it can be dyed just like any other material if you use all-purpose dye? Did you know nylon will not blaze in contact with flame but it may melt? Well, they're all facts!

★ ★ ★

Put some of the ol' shinola on that vacation-racked suitcase of yours. It will remove dust and grime, hide unsightly scratches and rejuvenate its color and luster.

★ ★ ★

Have you tried rolling pie crust *around* the rolling pin to set it in your pie pan? You let the dough roll around the rolling pin; lift it from the board and unroll the pastry on the pie pan. The rolling pin supports the tender crust so it does not stretch or break while being moved.

★ ★ ★

Here's a quick tomato creole sauce that's perfect for omelets. Dilute condensed tomato soup with a little water. Saute diced onion, green pepper and celery in vitaminized margarine. Add to tomato soup and heat.

WESTLAKE WHIRL

by Marian Christians PLaza 5-0946

Pleasant holiday week ends were enjoyed by several Wilshire Avenue couples, but they all returned from their various outings with one and the same comment: "A grand time, but it was too hot."

Thomas and Less Brewer and their son Jerry spent the holiday visiting friends at Los Altos.

Don and Virginia Le Tourneau and their older daughter Rene spent the long week end at Russian River. Don is Civilian Personnel Chief at Ft. Mason and, due to the Korean situation has been working overtime every night and most of the week ends.

Lilly and Arvid Winther left Friday noon for a four day stay at Siegler's Resort in Lake county.

We have a pretty good cooperative among the neighbors on Wilshire. Those who stay home do the watering and feed the cats and dogs for those who go, and when we are away the same thing is done for us. Those lawns do need their water.

We had just returned from a canasta game last Friday at 2 a. m. when the doorbell rang. Since it was a rather unusual hour for a caller to arrive we were not surprised to find a cab driver at the door. Seems he had been driving around the upper or eastern end of Westlake for almost an hour looking for 176 Wilshire avenue. We live at 102, so he wasn't too far away.

He was grateful for the directions, but he couldn't understand why all the street lights were installed, but not operating on Sheffield and Wilshire. For that matter since Sheffield is the street coming in from the first gate at the sales office and is consequently crossed by several other streets, why not get the signs up?

I noticed last week Broadmoor cut the speed from 25 to 15 miles an hour. How about doing the same for Westlake?

Cars come up Sheffield about 40 miles an hour and swing out Wilshire at a terrific speed. Our two-year-old children just can't remember not to run across the street occasionally. We administer a lot of spankings and try to keep them in the yards, but they are learning to climb fences and get out, and older children who can and do cross the streets safely set the example. Anyway I am sure a great many mothers will agree with me.

For those readers who missed the schedule of the Ocean Shore Bus Line which shuttles passengers between Westlake and San Francisco, following is said time table:

Westlake to San Francisco: Leaves from Sheffield drive at 9:30 and 10:45 a. m., noon, 1, 2:30 and 6:30 p. m. On Sundays this schedule is cut to 9:30 a. m., noon and 6:30 p. m.

San Francisco to Westlake: Leaves from St. Francis Circle at 9:40, 10:55, 12:10, 1:10, 2:45 and 6:45 p. m. Sundays the schedule is 9:40 a. m., 12:10 and 6:45 p.m.

Speaking of transportation, there are many children in the Westlake area now attending schools in San Francisco. As there is no bus service for these children it is often necessary for their parents to arrange transportation.

If you are in need of transportation for your children, or are willing to share an automobile, please call Mrs. Roberts at the Daly City Record, PLaza 5-4321. She will do her best to attempt to solve your problem.

FAIRYLAND AT THE FIESTA

Mrs. Ralph Knott of Hillsborough, left, associate director for the fairyland play, "It's A Feather In Your Cap," with Mrs. David Gilmore of San Mateo, costume committee chairman, fit Joy Ann Bendinelli, a Brownie, for her part in the Community Chest's play which will be presented on Sunday, September 10 at the San Mateo Fair and Floral Fiesta. There will be about 65 in the cast drawn from all sections of San Mateo county.

Officials To Meet On Sewage Problem

Daly City officials will meet with the San Mateo county supervisors Tuesday to discuss formation of a new sanitation district aimed at eliminating dumping of raw sewage into the ocean.

The meeting comes after several months of prompting by Mayor Paul Green, who since early last year has been searching for a method of solving Daly City's sewage problem.

Purpose of forming the district, which would take in Colma, Broadmoor and other bordering areas, is to have a greater monetary base for possible construction of a sewage treatment plant in this area.

Many Awards Offered At Bazaar

Many fine awards will be made to those attending the annual Holy Angels Church Bazaar September 30 to October 1 at Colombo Hall, it was announced today.

The awards will include a 16-inch TV radio phonograph set; an all expense round trip, plus $90, for a couple to attend the Rose Bowl game; a portable sewing machine and two bikes.

Members of the Holy Angels Church parish are now selling tickets to the bazaar.

Meanwhile, still another booth has been added to the show. This will be a sport booth under the direction of Mike Casentini.

A Nose in Time Prevents Fire

A. A. Brandt's sense of smell Wednesday night averted a possible gas explosion and fire in the home of Bill Slagle, 424 Irvington street, Fire Chief Elmer Kennedy reported today.

At 10:45 p. m. Brandt, who was sleeping in a room over the Slagle garage, smelled the pungent odor of gas fumes. Fearing something had gone wrong with the gas heater he called police who when they arrived found the garage flooded with gas fumes from a can of leaking gas on Slagle's truck parked in the garage.

After police had cleared the basement of gas they found the gas heater's pilot light was burning. Kennedy estimated that if Brandt had waited but a few minutes more the pilot light would have ignited the fumes.

School Problems To Be Discussed

Members of the Crocker PTA will meet Tuesday, September 12 for their first meeting of the new school year.

The meeting is to be held at 1:30 p. m. in the library of the Crocker school. James Snell, school superintendent will explain the needs of the district and the necessity of passing the September 29 school bond issue.

All citizens, regardless of membership in the Crocker PTA, are invited to attend this meeting.

Parking Meter Ordinance Set

Introduction of an ordinance to allow installation of approximately 300 parking meters in the Daly City business district will be the principal business before the council Monday night.

The council has already reached a tentative agreement with the Park-O-Meter Company to purchase their meters at a cost of $61.50 each, Orrin Wendling, city administrative officer said. The company will take 50 per cent of the revenue from the meters until such time as they have been paid for.

The city is expected to gross about $21,000 a year from the meters, Wendling added.

Parking meters will be installed by the first of November, it is believed.

Grand Regent

Mrs. R. Valetta Ennis, Grand Regent of the Catholic Daughters of America, Court St. Mary, is to head the membership drive for the organization this year. Further details on the campaign to get more members for the CDA can be found in a story elsewhere in the Record.

Local Man Passes Collection Exam

John Brewster Adams, 130 Wilshire avenue, today can set up business as a collection agent.

The Daly City man recently passed a Collection Agency License examination, Secretary of State Frank M. Jordan reported today.

Adams could not be reached for comment, although it is expected he will soon put to good use the new license.

SOCIAL SECURITY

The word "child," under the Social Security Act, includes a natural child, a stepchild, and an adopted child. These children are due monthly benefits, until 18, if the father is 65 and receiving social security benefits, or if the father dies, at whatever age, provided he has worked long enough in employment covered by the law.

We have a special interest in minor children because they have to depend upon a parent or guardian to apply for their social security benefits. Sometimes, children lose benefits because the responsible persons don't file applications in time to prevent loss.

This week, we handled the chain of a retired wage earner who has a son 16 years old. The father is 65, and entitled to a monthly check of $32.50. In addition to his own check, he'll receive a check each month of $16.25 (half his amount) for his son, until the son is 18. The important thing is that the wage earner had to file an application not only for his retirement benefit but also on behalf of the son.

Another case deals with the problem where the father died, leaving three minor children. We were first notified of his death by a funeral director. We learned that the father was a widower. The three children are in their grandmother's home. She did not know that she should file an application on behalf of the children. They would have lost benefits if we hadn't written to her. The grandmother will get $45.51 each month for the children in her care. It's not much, but even this small amount will help in rearing the orphan family.

I hope these two examples will help you to understand children's rights under the social security program.

I received two letters which illustrate one type of old-age and survivors insurance benefit which is not fully understood.

The first one says: "My wife and I are well along in years and we are being supported by our unmarried daughter, who has a good position where she pays into social security. At times we get to thinking about what would happen to us if she died before we did. Would we get anything from social security?"

The other letter reads: "I am a widow 50 years old and without children. My closest relatives are my parents, who live with me and are supported by me. I do not understand why I should be required to pay social security taxes, because my friends tell me that widows and children are the only relatives who can draw monthly payments. If my parents won't be eligible for social security benefits in the event of my death, why should I pay the tax?"

The answers to both letters was that the parents could get benefits, because it is obvious in both cases that they are dependent upon the daughters. Of course, proof of dependency would be required at the time of filing their applications.

The Social Security Act says that parents, age 65 or over, may receive monthly payments when an insured son or daughter dies, if they were chiefly dependent upon the child for their support at the time of death, and provided the child was not survived by a widow or unmarried child who could become entitled to monthly benefits.

If the parents are not 65 when the child dies, a lump-sum death payment would be made to whomever paid the burial expenses. The parents would still be eligible for monthly benefits upon reaching age 65 and filing an application.

SHE'LL NEVER GRADUATE

This little girl is a "beginner." She has just entered the SCHOOL that will teach her HOW TO LIVE.

She'll never graduate! No one ever does! For religious education is different from secular education. It has to fit its pupils for *living every day the very best way.* In such a course, there just isn't any point at which the pupil can be sure he has enough "learning" to put away his books.

Therefore the Church Schools of our community provide classes for all ages. Every Sunday, while tiny tots are listening to Bible stories, grown-ups are studying the practical application of Bible truths in life.

Religious education should be a family activity. Don't just *send* your children to Church School. C[illegible] with them.

They [illegible] religious education because they must learn h[illegible] to live. And you need it too, for life's richest possibilities are still ahead of you.

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Mr. and Mrs. Peter Resinkin Are Now Honeymooning In Southern Calif.

Mr. and Mrs. Peter Resinkin (Charlotte Hughes), married Saturday evening, August 26, are honeymooning in the southern part of the state. On their return they will live at 675 Evergreen avenue.

The 8 o'clock wedding took place at the Grace Presbyterian Church before a flower decked, candlelit altar after a very impressive candlelighting ceremony. Reverend William Harberts officiated.

Charlotte, given in marriage by her brother, Walter Hughes Jr., was preceded by Mrs. Hazel Lee as matron of honor and Judith Callesen and Sharon Derham as flower girls. (Judith is the bride's daughter by her first husband, Floyd Callesen, who was reported as killed in action during World War 2.

Homer Lee was the best man and Robert Seiler performed the ushering duties.

Charlotte was gowned in soft yellow brocade with the full skirt extending into the traditional 12 inch train, and the shoulder length tulle veil of the same shade of soft yellow was held by a coronet of satin ribbon. The bodice was fashioned with a sweetheart neckline and tulip sleeves. She carried a round bouquet that had a begonia center, circled with pink baby roses and edged with gardenias against a lace frill.

The matron of honor wore orchid organdy over deeper purple satin fashioned in floor length and hooped. She carried an old-fashioned bouquet of begonias and gladiolas in the russet and yellow shades.

The two little flower girls wore pale green ninon over white satin fashioned in the traditional old fashioned style with their white gloves and green net pokebonnets and carried nosegays of pink sweet peas with rose centers.

Mrs. Hughes, mother of the bride, wore grey crepe gown and toque with a coral gladiola corsage.

Mr. Robert Sharret, vocalist, sang "I Love You Truly" and "Because." He was accompanied on the piano by Miss Betty Freeman.

The candlelighters were Mrs. Howard Derham and Mrs. William Coulthard.

After the ceremony a reception for relatives and very close friends of many years standing was held at the home of the bride.

Hunters Mark 25th Anniversary

Assisting Mr. and Mrs. Hunter, 19 Guadalupe, to celebrate their twenty-fifth wedding anniversary August 28 were members of the Hunter family and close friends.

The party was held in the Hunter home, and came as a complete surprise to the couple, who had expected to mark the anniversary alone.

Present to cheer up the Hunters and wish them 25 more years of married bliss were Mesdames: Ruth Wood, Rose Egan, Ella O'Brien, Ruth Hosford, Bee Casey, Helen Shepherd, Ida Johnson, Dolly Klees; Miss Irene Smith and Mrs. Chuck Saunders and Ernie Honeycutt.

And of course the Hunters' children, Hazel and Billy Jr., were also on hand to wish their parents well.

Colma PTA Holds First Board Meet

The Colma PTA held their first board meeting August 29 at the home of President Mrs. Marjorie Hopper.

Attending were Mrs. John Dennis, first vice president; Miss Marie Traynor, honorary vice president; Mrs. Hazel Colwell, honorary vice president; Mrs. Dorothea Stookey, secretary; Mrs. Elizabeth Tuvo, corresponding secretary; Mrs. Frances Laudi, treasurer; Mrs. Pauline Brown, historian; Mrs. Hilda Dennis, parliamentarian; Mrs. Herber Kern, room representative; Mrs. Irene Chessman, publicity chairman and Mrs. Mary Clayton, health chairman.

The next board meeting will be held September 26 at the Colma Community Center at 10 a. m.

The membership drive meeting will be held October 3 at the Colma Community center at 7:30 p. m.

Geneva-Mission Merchants Hold Centennial Fete

Swinging into the festivities of the California Centennial celebration, members of the Geneva-Mission Merchants Association donned gay costumes today.

Dressed in western or Spanish attire, the merchants will hold street dances, carnivals and a variety of events during this week (September 1 to 9).

In addition, all the stores will offer special centennial values.

Friday, September 8, Mayor Robinson and other San Francisco city officials will be on hand for the free street dance to be held on Geneva avenue at 8 p.m.

Kiddies will especially enjoy the week of festivities as the merchants are offering them a free horse and buggy ride.

17th District CCPT Executives To Meet Monday

Opening activities for the fall term will occupy executive board members of Seventeenth District California Congress of Parents and Teachers on Monday, September 11, at 9:30 a.m. in the Burlingame High school main gym. Mrs. G. J. Sirex of San Carlos will preside.

Special attraction will be the appearance of Mrs. Harry Eckes, State chairman of publications and emblems. Mrs. Eckes is able to be with Seventeenth District from Southern California only because she is coming north for the State Board of Managers session in San Francisco on September 13 and 14.

Sale of district yearbooks under the department of organization, directed by Mrs. Faun Tuska of Burlingame, begins at the executive meeting for the convenience of all San Mateo county PTA groups. The Yearbooks contain complete information on district officers and chairmen, local units, counsellors, and a program outline.

Invitations to parent education chairmen are in the mails from District Chairman Mrs. Edward J. Foley of Burlingame for the workshop on Monday, September 18, to be held at the Commander's Cottage on the Coyote Point campus of the Coyote Point campus of the San Mateo Junior College. Nosebag lunches may be completed with coffee from the campus cafeteria.

Observe Traffic Laws In Daly City

Edward J. Dennis, chairman of the Daly City Traffic Safety Committee and spokesman for the group, today urged the people of Daly City observe traffic safety rules for their own sake and that of their children.

"This committee is working constantly with the city council to eliminate traffic hazards from the town. Slowly, but surely we will have more signals and safety aids, but the greatest safety measures of them all is the observance, by each and every one of you, of caution as pedestrians and drivers. Watch your step, watch your speed!"

Members of the Traffic Safety Committee, as appointed by Mayor Paul Green, are: Mrs. Helen Cheatham, Julius Castelan, Sgt. Roy Beecher, Jane Keith and Edward J. Dennis, chairman.

SOCIETY

Local Girl Dances Her Way To National Fame

A San Francisco girl well known in Daly City has recently signed up for the famous Horace Heidt show.

She is Barbara Madrid, 15 year old daughter of Mr. and Mrs. David Madrid, 71 Regent street. Two weeks ago Barbara turned out for the Horace Heidt show, and the maestro was so pleased with her Spanish and acrobatic dancing that he signed her up on the spot.

Now Barbara is in training for a road show and with the next few months she will be touring the country.

Barbara's training goes back to her fifth year when she made a name for herself in the San Francisco World Fair. At that time she was one of the youngest, successful contestants to take part in the fiesta.

When her parents, neither of whom have had dance training, saw that Barbara might have a real talent for the art they enrolled her in the Betty May School of Dancing.

Through the training she received in the San Francisco school, coupled with her intuitive dancing ability, Betty went on to win prizes and recognition thruout the years. Her friends expect that it won't be long now before she'll be leaving the Heidt show for the movies.

And while Barbara is climbing the ladder to success, her 7 year old sister Rose Marie is on the first rung of the same ladder. Rose, it is reported, shows a similar talent for fine dancing.

Lutheran Church Holds Classes

Special classes for further instruction of the youth in the teachings of the Bible, preparatory for church membership, will begin next week at Bethel Lutheran church, Alemany boulevard and Huron avenue. Those over 13 years of age are eligible to attend.

The senior class, composed of those who have had one year of instruction, meet Monday and Thursday afternoons. The junior class meet on Wednesday afternoons and Saturday mornings.

Parents who desire to have their children enrolled are requested to contact the pastor.

Rev. Schroeder To Mark 25 Years Of Holy Ministry

Sunday, September 10, the members of Bethel Lutheran church, Alemany boulevard and Huron avenue, will observe the twenty-fifth anniversary of the ordination into the office of the Holy Ministry, of their pastor, the Rev. Herbert P. Schroeder.

Upon his graduation from Concordia Theological Seminary, St. Louis, Missouri, in 1925, the pastor was called to serve a newly established mission, then located in the Excelsior district. He was ordained at St. John's Lutheran church August 16, 1925. The congregation moved to its present site in 1940. The present church plan was completed in October, 1948. The pastor has served the one congregation the past quarter of a century.

A special service will be conducted Sunday afternoon at 4 o'clock. The Rev. Arthur Brohm, D.D., pastor of St. John's Lutheran church, who performed the rite of ordination twenty-five years ago, will deliver the sermon. The Rev. Paul H. D. Lang, of Trinity Lutheran church, Palo Alto, a classmate of the celebrator, will be the liturgist.

A fellowship supper in the parish house for the members of the congregation will follow the service.

Matteucci Baby Christened Sunday

Christened at Our Lady of Perpeual Help church last Sunday afternoon was 3½ months old Louis Ralph, son of Mr. and Mrs. Ralph Matteucci, 3343 San Jose avenue.

Following the ceremony refreshments were served at the Matteucci home.

Guests who were present at the home after the christening included: Mr. and Mrs. Louis D'Elia, maternal grandparents; Mr. and Mrs. Silvio Matteucci, paternal grandparents; Mr. and Mrs. Arnaldo D'Elia, Mr. and Mrs. Louis Castagnola, Mr. and Mrs. James Matteucci and son, Mr. and Mrs. G. Picchi, Mr. and Mrs. A. Sebastiani, Mrs. P. Sebastiani, Mr. D. Canzoneri, Gladys Matteucci, Edna Sebastiani and Toni Matteucci.

Mothers' Club Of OLPH Holds Meeting Friday

The first meeting of the Mothers' Club of Our Lady of Perpetual Help school will take place on September 8 at 8:15 p.m. in the school auditorium at 80 Wellington avenue.

Mrs. George Calegari will be presiding and all members are urged to be present as many matters of importance to the club will be discussed.

At this time an invitation is extended to new members. The sole requirement for membership in the club is an interest in the welfare of the children, the school and the parish and a willingness to work for them. Many members whose children have long since graduated, and others who are childless, are among the club's most active mambers.

After the business meeting, there will be a social meeting and refreshments will be served. Mrs. Richard Ennis and Mrs. Hans Schroeder, hospitality chairmen, will be in charge, assisted by the "graduated" mothers.

SMJC Opens Fall Semester With Student Meet

San Mateo Junior College opens its fall semester with an all-student meeting Monday morning September 11 at 8:30 o'clock at the San Mateo Theatre, then starts registering students and continues registration Tuesday.

Classes start Wednesday. During the registration days, faculty advisers will held the students arrange their programs.

Ahead of the two day registration periods will come the faculty institute this Friday at Coyote Point and pre-registration counselling of students Saturday morning on the Baldwin campus. All students are invited to attend this counselling session to get help with programs and to meet the advisers.

A welcoming dance for all the students has been scheduled for Friday night, September 15 on the college campus. It will be the regular Howdy-Doody Dance, giving students a chance to get acquainted. Also, new girls will be welcomed by the Associated Women Students at a social event planned for the Coyote Point campus.

Woodrow Wilson PTA Exec. Board Plans Schedule

The first fall meeting of the Woodrow Wilson PTA executive board took place on Tuesday, September 5 at the home of Mrs. James Snell, 158 Miriam street with Mrs. Harold Riley assisting.

Mrs. Stella Jensen, district counselor for Woodrow Wilson was a guest and made several helpful suggestions toward program planning.

Mrs. Gordon Peterson, Newsette editor and Mrs. Edward Goldkuhl, vice president, tendered resignations to their offices and it was with regret that members accepted.

A resumption of the very successful Hot Dog Sale will again take place at the school beginning September 27. Other plans include a sewing bee and get-together at the home of the newly appointed sewing chairman, Mrs. Ralph Wakehouse on September 29. A luncheon for teachers is also being arranged.

The mothers' breakfast held at the school on registration day was pronounced a success and it is hoped will emphasize the theme of the next regular PTA meeting which is "Making New Friends." An excellent program is planned for the first meeting which will take place at the grade school on Tuesday, September 19.

Many Girls Attend Girl Scout Camp

By Jane Keith

Fourty-four Daly City girls attended Girl Scout camp Wasibo this summer representing 18 different troops. Girls ranged in age from 8 to 17 years.

Main activities at the camp were hikes, cook-outs, dramatics, nature study, and crafts.

Unique feature of senior activity was a "pack" trip taken by seven senior girls, five of whom were from Daly City. They were Lorraine Cady, Beverly Hamilton, Shirley Bane, Roberta Taylor and Mary Alice Coverdale.

The trip lasted overnight with the girls carrying all food and equipment on their backs. Distance covered was approximately 10 miles. "Pack-out" was the first such hike attempted at Camp Wasibo.

These scouts are to be commended, too, for their work with the younger children as program aides and Lorraine Cady for her work as a pre-counsellor.

Also, a program aide at camp was Carol Bertelli of Daly City.

Remember, too, Daly City citizens, that you can keep the Girl Scout Program growing in your community by helping the Community Chest when it asks your help on the first of October.

New Sunday School Opens To Serve Daly City Area

Sunday morning, at 9 o'clock, a new Protestant Sunday school will open to the public in quarters over the store buildings at 107 Sagamore street. The school will be a branch of the First Christian church Sunday school located at Duboce and Noe streets and the staff are experienced leaders from that organization.

The staff has been through a series of briefings by the Education Division of First Christian church, Mrs. Martin Gerrard, chairman of the Sunday school committee. The school will serve all interested people in the Ocean View, Daly City, Park Merced, Westlake, Stonestown and Broadmoor areas.

All staff members live in the community and Mrs. Henry Blair, 231 Sagamore street, and Mrs. Earl Lefebvre, 233 Sagamore street, will be the co-superintendents. Mrs. Ernest Wade, 21 Williar street, will lead the beginners, Mrs. Dale Stuart, the primaries, and Ernest Wade will lead the adults.

Other members of the staff include: Harold Highsmith, juniors; Earl Lefebvre, high school; Mrs. Charles Hettick, Mrs. Clifford Jope, Dorothy Emmert, Mrs. Wayne Fix, Henry Blair and Mrs. T. J. Tarter. Mrs. Pearl Miller will be the school secretary and Harold Emmert, treasurer.

Announcements indicate that there will be provisions in instruction for all ages.

Women of Moose To Meet Sept. 8

Senior Regent Clo. Guerrazzi announced the first September meeting for San Francisco Chapter No. 739, Women of the Moose will be held Friday, September 8 at the I. O. O. F. Hall at 7 p.m.

She also announced that the Sewing Unit will hold its meeting the same day, same place, at twelve o'clock noon.

Hospital Chairman Adeline James will be in charge of the newly organized Blood Bank for the group. Members will be encouraged to donate blood to the Irwin Memorial Blood Bank, to be drawn against by members and their families when necessary.

DALY CITY PLAYGROUND ACTIVITIES

CRAFT CENTERS
By James Kraywinkel

Everything that is good has to come to an end sometime, and it is that way with crafts. The children are finishing up their projects this week while the directors are planning for the craft exhibit.

I hope the children have had a good time this summer doing the things the craft centers have had to offer them. As the director, I can say I enjoyed working with the children.

So long, kids — see you next summer.

LITTLE JEFF
By Beverly Clement

Albie Figone, Jose Ordonez and John Scuitto will be on hand Wednesday night to answer any questions anyone may have about the Little Jeff Museum which will be on display at the Craft Show. Almost without exception, everything in the exhibit will have been collected in Daly City or Colma.

Eleanor Shulda, Janice Toole and Eileen Casotti have been having a private Rummy Tournament of their own. This must be something like a six-day bicycle race because after a full week's steady playing, no one is as yet near winner.

CROCKER PLAYGROUND
By Regina S. Warchot

Last week, Crocker playground moved to Bellevue Hall because of repairs and painting at Crocker. The weather is still cold, I'm afraid to say, but the children are all happy and anxious to play.

This week we're waiting for the football accuracy throw. We went to the arts and crafts party Wednesday night. Bellevue is being represented by their talented toy band which is playing a ballet number. Friday is the big picnic day for which everyone is waiting. So with all these events coming up, we will have a wonderful closing week.

We'll see everyone again next summer at the Crocker playground.

MARCHBANKS PLAYGROUND
By Glen E. Smith

Arlene Callan, Arlene Trapp, Carol Glover, Carl Gruenwald, Jack Allain, Bob Grubb and Director Glen Smith enjoyed their trip to the Ice Follies on Tuesday night. They attended as guests of the Ice Follies management.

Many boys have been working out for the coming football season. Jack Allain and John Robinson will play for Serra High. Carl Gruenwald will play for Sacred Heart. Carl is an all-city tackle prospect in San Francisco. Some of the younger boys will be playing in the grammar school league, starting in September.

LINCOLN PLAYGROUND
By Bucky Linhares

On Wednesday of last week, the kids from Marchbanks invaded Lincoln Park for an exciting basketball tournament. Marchbanks was victorious, winning by 7 points. The game lasted through one whole hour continuously and turned out such star performances as that of Jack Allain, Bob Murchinson, Dave Cafferata, and Owen Charles.

A football accuracy contest was to be held on Friday of last week, but was postponed to Monday of this week.

This week was the last week of the Summer Recreation Program. On Wednesday, August 30, at 7 p.m., a craft exhibit and stage show was held at the high school. Also at Marchbanks was held the grand finale of the summer season, the Recreation Jamboree.

JEFFERSON HIGH
By Mary Falbo

Activities at the high school have been carried on as usual. The pool table is always crowded. Leading players are Lenny Monson and Richard Guisti.

Chess has caught on lately. Bob Crowley, the equipment boy, is the class instructor. He has given players instructions on different methods in which to play the game.

Beginning Wednesday the game room facilities were available at Castle Hall every week on Monday and Wednesday evenings, 7 to 9 p.m. The high school game room is now closed because of the opening of the fall school term on September 11.

New Arrivals

To the wife of Jack Chimenti, 261 Wilshire avenue, August 24, a daughter.

To the wife of Arthur T. Colvin, 811 Larchmont drive, August 24, a daughter.

To the wife of Maximo L. Acosta, Box 324, Colma, August 23, a daughter.

To the wife of Harold A. Loomis, 6 Wildwood court, August 27, twin daughters.

To the wife of Lawrence R. McDonnell, 170 Wilshire, Westlake, August 21, a daughter.

To the wife of Manuel R. Camarena, 613 Larchmont drive, August 29, a daughter.

To the wife of Thomas J. Lawson, 1744 Louvaine drive, August 25, a son.

"Record" Reminiscence

From the "Record" 10 Years Ago
September 4, 1940

Norma Barker is the new president today of the Jefferson High school senior class. Other officers include George Wallace, vice-president, and Helen Larson, secretary-treasurer.

Owner of the best dahlia in the entire beginner's section, Mrs. Elsie Hiller, 181 Santa Barbara avenue, was awarded a silver cup in the San Francisco Dahlia show last Wednesday.

Several hundred cheering fans this week end saw Daly City Merchants make a name for themselves in the baseball managers' semi-pro tournament at Seals Stadium, losing the championship by only one game.

"Why Wives Worry" will be the first play which the Dramatics Club of the WPA Recreation department will produce this year.

For 33 years Arthur J. Bodien has been saving his monthly Eagles receipts. This week he counted them up and found he had accumulated 339 consecutive receipts for his lodge dues, dating from 1907 to 1940.

GIPSONS ENJOY DINNER FOR TWO . . . ON THE RED CROSS

By Julie Grigg

Dinner for two with shaded lights and soft organ music — that was the very first date, four years ago, of a young peninsula couple, and the beginning of a romance which culminated a year later in the marriage of Harold and Jane Gipson.

Small wonder they return to the same place to celebrate special occasions! What could have been more appropriate than for Mrs. Gipson to win the prize for our Red Cross bulletin naming contest, which was "dinner for two," courtesy of the owner of one of our better restaurants. Well, that's exactly what happened. We wanted a name for our new bulletin which will go to about 400 Red Cross volunteers. Twenty-eight suggestions were submitted by interested people from all over the peninsula. The three judges, Bob Skillicorn, editor of the San Carlos Enquirer, Aileen Bramble, associate editor of South San Francisco Enterprise Journal, and Norman Corlett, manager of Borden's, went into a huddle and came up with a unanimous choice of "The Enlightner." And that was the name sent in by Mrs. Harold L. Gipson of Millbrae. It was when I presented her with the award that I discovered our contest had a "story book" ending, for she beamed as she told me about the first date and how much she and her husband would enjoy the "prize" dinner.

Packaged Spaghetti Dinner Makes Good Mainstay for Dog-Day Meal

AN easy way to keep the house cool, on a dog day, is to serve a dinner that needs little cooking. Then, when the family comes home, they will be greeted by comfortable rooms. It's as important to be well fed in hot weather, however, as it is to keep cool. So be sure your quick-cooking dinner is both tempting and nourishing.

One quick-cooker that answers both these requirements is a packaged spaghetti dinner. It contains spaghetti, a rich tomato sauce, and a can of grated cheese. The spaghetti cooks in a few minutes; then all you have to do is heat the sauce and open the cheese and you'll be assured of a real chef's treat for your mainstay.

Quick-frozen vegetables, which cook in much less time than regular vegetables, are another good choice. Green beans, green peas, golden sweet corn cut from the cob — all these quick-frozen vegetables team well with the spaghetti dinner. A salad of cucumbers and tomatoes, with lettuce and French dressing, adds up to another good teammate. Fresh fruit for dessert — watermelon, cantaloupe, sliced peaches and packaged cookies — need no heat to prepare. Packaged ice cream, too, is a good topping for this sort of dinner.

Another way to live up to the cool kitchen plan is to prepare a dessert beforehand that is served cold. All the custard and gelatin desserts come in this class. Cream whipped at the last minute adds glamour and nourishment — and again adds nothing to the heat of your carefully cooled house.

As for beverages, it takes little heat to make tea or coffee. So follow preferences when it comes to a choice between iced or hot beverages. Some people feel that dinner's a failure if it isn't topped off with a cup of sizzling coffee, even if the temperature of the air is in the nineties.

If you have a big family, you may find it better to buy your spaghetti sauce and spaghetti separately. Cook as much spaghetti as you need and then heat up the 8-ounce cans of sauce, made either with meat or with mushrooms, to give it a chef's flavor.

Activity Calendar

FOR WEEK BEGINNING FRIDAY, SEPTEMBER 8, TO THURSDAY, SEPTEMBER 14

CHURCHES

Our Lady of Perpetual Help Church, 60 Wellington avenue.
Tuesday, 8 p.m. — Devotions.
Sunday, 6:30 a.m. — Mass.

ROAD-HOGS BEWARE, 1911 FORD SAN FRANCISCO BOUND—All souped up and revving to go to the centennial parade in city by the Golden Gate for the Centennial parade on Admission Day is a resuscitated 1911 Model Y Ford which will shove off or be shoved off from the city of Compton September 5. Sponsoring the 449-mile trek is the Compton Parlor No. 273 of the Native Sons of the Golden West. Going up highway 101 the speedster and its three-man crew will be gasping through Santa Clara, Palo Alto, Redwood City, Burlingame, San Mateo, San Bruno and Daly City on September 7 if all goes according to the plan and the Ford.

NEWS OF YOUR NEIGHBORS

Sgt. Lloyd G. Babo, the son of Mrs. Anna Bell of 447 Niantic avenue in Daly City, has been assigned to Edwards Air Force Base, the Air Force's important desert test center at Muroc, California. Sgt. Babo attended Mission High school in San Francisco. He first entered the service in April, 1944, and during his tour of duty, spent 13 months overseas. Sgt. Babo was employed as a motorman with the Key System Transit Line in Oakland when he was recalled to active duty the 17th of August this year. He is a member of the Eagles and is a Mason.

Mr. and Mrs. James Stone, 50 Railroad avenue, have a seventh addition to the family today. He is Frank Howard, who was born August 29 at the San Mateo Community hopsital, weighing in at 7 pounds 10 ounces. The baby boy comes into a family already rich by three girls and three boys.

Teresa Benanti, daughter of Mr. and Mrs. Benanti, 17 Alexander, is recovering today from a dog bite she suffered on her left hand last Thursday. Young Teresa was playing in her yard when a dog jumped into the yard and bit her on the hand. Treated at Junipero Serra hospital, Teresa was sent home.

Mr. and Mrs. Richard J. Ennis and son Jerome spent the past 10 days with friends in their summer cottage in the Santa Cruz mountains soaking in the sunshine and relaxing in general. Mrs. Ennis is the grand regent of Court St. Mary's, Catholic Daughters of America, and an active member of the Mothers Club of Our Lady of Perpetual Help school. Her many friends will be happy to know her son Jerome is making splendid progress in regaining his health after an attack of polio some months ago.

B. G. Cartwright, 64 Woodrow, spent the last two weeks in Eagle, Colorado, fishing the famous rivers of that district. Cartwright reports the fishing in the district is superior to anything in the immediate vicinity of San Francisco, and recommends it as a fine place to spend a holiday. While fishing, Cartwright took time out to visit with his sister.

Mr. and Mrs. R. G. Brown, 3298 San Jose, Oregon, this week with Mrs. Brown's brother, "Butch" Tierney. "Butch" will spend the fall and winter months in Daly City while resting after a season with the Salem Senators, farm team for the Portland Beavers. During the past season he pitched many a winning game for the Senators, and it looks as if he may be playing ball with the Beavers before many more seasons. Monday, Mrs. Tierney also arrived in Daly City.

Mrs. Dolly Boggio, and husband Bill, returned to their 103 Irvington street home this week after two weeks of vacation fun in the southwest. During her vacation from her seat in Judge W. J. Sweeney's office, Dolly visited Colorado, Nevada, Utah, and various points of interest in each of these states. Dolly reports that husband Bill did fairly well in Reno's night spots, and managed not only to get away with his shirt but also a few extra dollars. Today Dolly is back behind her desk in the Judge's office, tanned and happy, and Bill has returned to his restaurant to serve up many of the delicious new dishes he discovered on the two-week vacation.

Sunday Sermon Topic Announced

"Quest For The Highest Knowledge" is the sermon theme at the Lutheran Church of Broadmoor this Sunday, September 10.

Services are conducted at 11 a. m. in the Broadmoor Recreation Center, White street off 87th st.

Sunday School is maintained for children three to 13 years of age.

Rev. Max Zschiegner has moved this past week and may now be reached at 8 Risel street in Daly City. His new telephone number is JUniper 4-0324.

DALY CITY—COLMA

Shooting for a 100 per cent attendance next week, the Lions Club will present a speaker on some phase of sports.

Name of the speaker is not yet available, although his topic will probably be either football or baseball. This is a meeting no Lions Club members will want to miss.

Last Wednesday, September 6, the guest speaker of the afternoon was George Fernandez, member of the First California Company. He was introduced by Lion John Ferrari.

Fenandez spoke at length on investments and how the proper investment in bonds and stocks can protect the average man from the evils of inflation. He stressed the necessity of the "proper" investment, asserting that all too often many people are taken for a ride in an effort to double their money over night.

The speaker said the best way to guarantee the future of an investment is to make it through some trusted organization.

Gray Ladies Offered Free Ride To San Mateo

A free automobile ride today was offered any woman who wishes to take part in the Gray Ladies classes September 11 and 12 at San Mateo.

Mrs. Marion McKaskle, Red Cross chairman for Daly City, made the offer. She said she will be able to take the women to the evening class from 7 to 9 p.m. in her automobile.

Anyone wishing to take advantage of this ride is asked to contact Mrs. McKaskle at PLaza 5-5959 before 5 p.m.

Ronnie Harris To Represent DC

Ronnie Harris, 13, 175 West Moltke, will represent Daly City at the San Mateo County Fiesta talent show September 13.

The young accordian player won this honor Wednesday night when he was chosen from a field of six contestants to take part in the show which will include representatives from South San Francisco and Brisbane.

Judging the contestants in Daly City were Dan Anderson, Daly City Theatre manager, and Stanford Hannah, Jefferson High school superintendent.

The contest is being sponsored by Daly City and the Lions Club.

Young Harris is to receive a prize (not yet announced) for winning the Daly City contest, and he stands a chance of taking either a $100, $50, or $25 U. S. savings bond at the County fair.

Enormous piles of rock in Butte county, left by gold dredges, are now being utilized by two rock crushing companies.

Happy Birthdays!

Harry, the "happy baker," wishes the following residents the best of everything on their coming birthdays:

September 9: Ginny Cox, 169 Moltke; Jimmy Mahood, 169 W. Moltke; David Reyna, 160 Bruno; Mrs. Larry Cole, 8 Louvaine place.

September 10: Mrs. Mary Huston, 815 Heather road; George Frediani, 908 Washington; Walter S. Ford, 92 W. Cavour.

September 11: S. Bruno, 1607 Sweetwood drive.

September 12: Jack T. Clayton, 712 Midway; Joan daRosa, 1540 Sweetwood.

September 13: Mrs. B. Foster, 111 Sadowa street.

September 14: Mrs. J. Storkey, 25 E. Cavour; Fred Biagini Sr., 266 Hillcrest boulevard; Mrs. C. Payne, 777 Easton avenue; William Chessman, 1624 Sweetwood drive; Mary Koslosky, 513 Oak avenue.

Ct. St. Mary, CDA, Opens Membership Drive Sept. 21

Under the direction of the new grand regent, Mrs. Richard J. Ennis, the Court St. Mary's No. 1155, CDA, will open its fall membership drive September 21.

Catholic ladies in the vicinity of Daly City, Ocean View, Colma, Broadmoor and Westlake are especially asked to join in the local court.

Meetings are held the first and third Thursdays of the month in Masonic Hall, 17 Hillcrest drive.

Ladies mindful of helping their fellowman, physically and spiritually, will find programs of this kind in the court. Such projects as making cancer and leprosy pads, serving prison libraries with reading material, keeping military chapels decorated with flowers, and sending needy children through parochial schools keep the ladies busy throughout the year.

Also, there are many social events with folk dancing and other forms of entertainment.

If you are interested, please call Mrs. Louis Lachini at JUniper 4-2768, or Mrs. R. J. Ennis at JUniper 7-5200.

Mrs. Lois Capps Honored At Shower

Anticipating an October arrival of the stork, Mrs. Lois Capps (Lois Rich) of Menlo Park was given a cradle shower by her many Daly City friends last Friday.

The shower was held at the home of Mrs. Joseph Gregor, 244 Acton street.

Hostesses for the evening were Mesdames: Barbara Galindo and Verna Calderon.

Guests included Mesdames: Doris Rehe, Nadine Little, Amalia Calderon, Rena Moresco, Gertrude Rich, Bell Capps, Rose Perada, and Evelyn Mosman. Also present were Miss Karen Lynn Moresco and Anthony Perada.

Unable to attend were Mesdames: Rita Bocci, Corrine Riccomi, Marilyn Fonner, Margie Capps, and Gerry Capps.

Dahlia Society Meets Tuesday

Members of the Dahlia Society of California will hold their regular September meeting at 9 p. m. September 12 at 3101 Pierce street, San Francisco.

There will be a general discussion and review of the recent dahlia flower show, and suggestions will be received on how to improve future shows.

Also, members are asked to bring dahlias from their gardens to compete for prizes.

All members are urged to bring a guest to the meeting.

St. Michael's Parish To Hold Whist Sept. 12

Whist will be the order of the afternoon September 12 as ladies of St. Michael's parish hold a game in the parish hall, 32 Broad street.

The public is invited to attend the game which gets underway at 1:30 p.m.

Mrs. Louise Buckhold is chairman of the event which is sponsored by the Ladies Aid of St. Michael's parish.

Colma Planning Commission To Meet Friday For Public Hearing On Zoning

Colma will hold a public hearing September 8 at 7:30 p.m. in the Town Hall to hear any protests to the new ordinance to zone all property in the community.

This will be the first public hearing of the newly organized planning commission, and it is expected to bring out a good sized crowd.

Principal contender of the ordinance will be probably A. Conti, who owns property just north of the Woodlawn cemetery. He proposes to lease or sell the land to a drive-in theatre company for the construction of a theatre. However, this move has met repeated opposition by the Colma city council, and it is expected to be halted by zoning Conti's land for residential, or restricted commercial use only.

Letter to the Editor

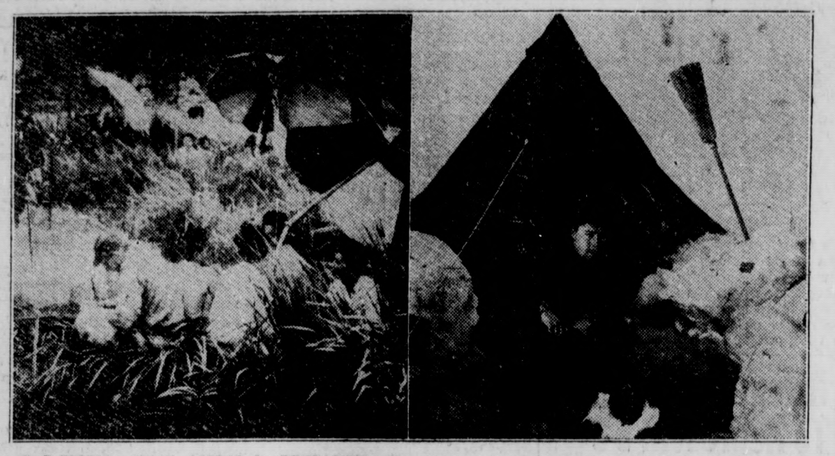
Editor:

We wish to express our sincere thanks to our local fire department for the prompt response and quick action in extinguishing the fire in our home at 400 Templeton recently.

Also to Mr. and Mrs. Howard Young, Bernie and George and the Langensand family our thanks for their great assistance to us.

Again, we sincerely thank you all.

Mr. and Mrs. Enrico Raffo



FAR-FLUNG ARMY MEDICAL RESEARCH—The contribution to science by the Army Medical Department covers unremitting work over a period of more than 100 years. Left, Malayan native volunteers expose themselves to jungle insects which carry scrub typhus to test a vaccine against this disease Right, medical research in the Arctic test several different survival rations.

PRODUCER AND CAST MEMBERS—Producer George Heinz points out general layout of stage setting at Presidio of San Francisco for "Cavalcade of California," big free pageant which is to be staged by California Centennials Commission during Statehood Centennial celebration in San Francisco Sept. 2-9. The girls are models who will be members of the big cast. Left to right—Joyce Brown, Pat Caintic, Annette Dunster, Pat Parsons, Heinz, Joby McCann and Billie Keating. Note Golden Gate Bridge in background.

Many Jobs Still Call for Skilled Hands

Skillful hands continue in demand in the manufacture of automobiles, despite the rise of machines. Here's evidence in pictures taken at the Chevrolet plant: (Top)—A crew positions 60 vanes of the Powerglide automatic transmission before the assembly is spot welded. (Lower left)—To plan factory layouts draftsmen cut out cross-sections of the floor area of machines at scales of precisely one-quarter inch to one foot. (Lower right)—A pattern-maker builds a wooden model that will later be duplicated in steel to stamp out thousands of fender parts.

VILLAGE NOTES

BROADMOOR, GARDEN VILLAGE, COLMA
by
Mrs. Mark Swoverland
PLaza 5-4158

Hi, there. Let's start my notes today with something everyone should take note of.

On September 29 there will be an election to vote on school bonds. Everyone should manage somehow to get out and vote. The children of the Village are on double sessions now and next year there will be twice as many going to schools. Just figure it out for yourselves. There are 320 children between the ages of six and 12. There are 900 under six years. If only one-third of these children reach school age by next year there will be double the amount going to school.

There is hardly a home in Broadmoor that this problem won't touch in the next few years. Now is the time to act. A group from Broadmoor consisting of Tom Jenkins, Broadmoor Property Owners Association president, Mrs. Meitz, Mrs. Alice Bird and Mrs. Logan, representing the American Legion Auxiliary; Mrs. Gladys Holt and Mrs. Stella Magoon, representing the VFW Auxiliary; The Rev. Max Zschiegner, representing the Lutheran church, will fight for a "yes" vote September 29.

These people will call on you with cards explaining the school bonds. We need a two-thirds majority to carry the election.

So remember, September 29 get out to vote Broadmoor 100 per cent.

Here and There

Joey Hoppery celebrated his sixth birthday August 31 with a small party. Attending were Mrs. John Denham and daughter Erna of Colma, Mr. and Mrs. R. P. Lofton and daughter Lynda and Mrs. H. Hix of Daly City, Mr. and Mrs. C. H. Rhodes and Mr. and Mrs. Sam Bootrick of San Francisco. After the party Joey went to San Francisco and spent three days visiting the Bootricks.

Mr. Angelo Tuvo Jr. of Werner avenue is in the hospital where he is recovering from a very serious illness.

Mrs. Jean Sunderman is now home from the hospital with the new baby Robert Frank.

Eighty-seventh

The Harrons and children, Mike, Lydia Ann and Elizabeth, have returned from a visit to Sacramento.

Sorry to hear little Colleen Brugge has been under the weather.

Mr. and Mrs. Fred Serna have moved to Albuquerque, New Mexico. Mrs. Serna was quite active in community affairs, being publicity director of the Colma PTA.

Mr. and Mrs. Jack Polites returned from a vacation in the Santa Cruz mountains.

Here tell, Mr. Hill has gone to Japan to be stationed there.

Stoneyford

Welcome to Chief Warrant Officer and Mrs. Russell H. Hanson, who moved to our village August 15.

Larchmont Drive

Congratulations to Mr. and Mrs. Arthur Colvin, who welcomed a baby daughter on August 24 at the St. Mary's hospital.

More congratulations to The Rev. John Glasse, who will celebrate their thirtieth wedding anniversary on Monday.

Beechwood

Welcome to newcomers Mr. and Mrs. Edward Morris and month-old son Edward from Santa Barbara, who will now make Broadmoor their home.

Sweetwood Drive

Davey and Kathie Merchant celebrated their birthdays on August 28 with a party. Attending were Michael and Gregory McCarthy, Stephanie Christopherson, Gordon and Gregory Feist, Michael Keanrey, Martin Rist, Anita Duste, Denise and Dale Friend, Pamila and Linda Pritchard, Sharon Scovel, Linda and Allen Toschi. Davey's and Kathie's grandmothers, Mrs. William Merchant Sr. and Mrs. Margaret Smith also attended.

Midway

Here tell there was a block party at the home of Marion and Lee McGowan. Those joining in were Larry and Ruth Baker, Johnny and Pat Friend, Mary Ann and Fred Hilger, Ileen and Albert Lashbough, Helen and Erwin Pagel, Betty and Walter Fink, Ken and Yvonne McBain, Ted and Liz Foster and John and Virginia Bell.

My goodness, those Midway people are in the partying mood. There was a block backyard picnic at the home of Fred Hilgers recently. Attending were Mr. and Mrs. Lee McGowan, John Bell, Walter Fink, Irvin Pagelo and Larry Baker.

Foothill

Mr. and Mrs. Trevor Jones and daughters Lynn and Ginny spent the week-end holiday in Fresno and Yosemite.

Mr. and Mrs. Bob Easterbrook and children Robin and Steve spent two weeks' vacation at Lake Florence, California, and in Mexico.

Little Karen Guyman is spending two weeks in Salt Lake City with her grandmother. Her parents, Mr. and Mrs. Del Guyman, hope to join her on their vacation.

Louvaine

Mr. and Mrs. Ray Lichtenberg had a week-end guest, Miss Gwenn Bymers from Ellendale, North Dakota, who stopped off on her way to UCLA where she is a teacher.

Mr. and Mrs. Jim Wright and children Jimmy and Marjorie returned from two weeks at the Pt. River recently.

Garden Village

Mrs. Lamonth Sundman and her son returned from a two-week visit to Los Angeles and Santa Barbara where they attended the Fiesta depicting early days in Santa Barbara.

Red Cross

The Red Cross sewing group will be meeting in the Colma Community center in the near future.

Speaking of the future, people who enjoy forecasting will be interested in the fortune-telling booth at the church bazaar on Friday, November 3.

Freeway Group To Organize

Fighting for the completion of the Bayshore Freeway, a three-county organization is to be formed September 7 at the San Francisco Chamber of Commerce.

President Howard Imus of the Burlingame Chamber of Commerce said he and Granville Browning, executive secretary, will represent San Mateo county.

The meeting follows an earlier one at which representatives of chambers in San Francisco, San Mateo and Santa Clara county agreed to organize and continue the fight for the $74,000,000 project.

Firemen Exam Is Announced

The call went out today for firemen to fill the ranks of the new full time Daly City fire department which will go into operation about January 1, 1951.

However, for the first examination only men from the Volunteer Fire Department will be eligible for one of the six positions.

Applicants may receive further information by contacting Orrin Wendling, city administratve officer, at Room 23 City Hall, on or before 5 p. m. September 22, deadline for filing.

Bayshore Sanitary Board Members Ask For Vote Sept. 18

Bayshore residents on September 18 will have an opportunity to elect two members to the Bay Shore Sanitary District Board.

The two incumbents seeking reelection are A. H. Beckel and Vincent P. Morris.

In a joint statement today the candidates said:

"We have represented the people of this District for more than four years and would like to continue to serve you.

"While in office, over $55,000 in U. S. Savings Bonds have been purchased towards the construction of a sewage treatment plant which will have to be built in the near future to comply with State Requirements. The cost of a sewage treament plant as required by the State will be not less than $150,000 and probably will exceed this figure.

"The District now has in excess of $90,000 in U. S. Savings Bonds ear-marked for the construction of this plant. Of this amount only a small percentage represents monies derived through taxation —the rest has been derived from outside sources.

"The revenue from outside sources has been increased during our term in office.

"We purchased the old Fire House for a nominal sum and remodeled it into headquarters for the Sanitary Board and a modern hall for the use of the various groups of the District (Boy Scouts, Girl Scouts, Sea Scouts, County Recreation and others.) This property at present is worth approximately twice what was originally invested in it.

"We are now working with Assemblyman Richard Dolwog and other State officials in an attempt to get State aid in the construction of this sewage treatment plant. We do not want to see the District burdened with bonds for this construction.

"We have attempted to give the people of this District a very good business administration.

"We should like to be returned to this office for another term so that we may carry out the long range plans that we have made for the benefit of the District and you."

There are 120 miles of improved streets in Santa Cruz.

Sugar consumption in the United States is 96 pounds per capita annually.

San Francisco's first public exhibition of electric light occurred July 4, 1876.

BAYSHORE VISITACION VALLEY

By Bernice Hendryx JUniper 4-6449

We have a retraction of some importance this week. Due to a printing error, my column told you last week that Harold Salsberry, present assessor of our Sanitary Board would go up for re-election. It should have read that he will NOT go up for the office again at the present time. Jim Mills and Frank Silva will run against each other for the job.

Our September 18 date for Sanitary Board election moves closer, and yet, things seem unusually quiet in Bayshore. Could it be that my best friends won't tell me? At any rate, electioneering has not as yet moved very far outside our small political circles, and we may not get much action until a few days before we go to the polls. Jimmie Throne and Lonnie Higgins have filed to run against incumbents Anthony Beckel and Vincent Morris for seats on the board.

Big Fire

Had ourselves a right big fire over the Labor Day week end. Burned some six hours, and took most of the dry grass on the whole hill behind us. It came over the hill behind the quarry, from the Daly City direction, and worked clear over to Bayshore highway. Traffic on Bayshore was stopped some hour and a half, while firemen battled the blaze. Bayshore fire department was aided by San Francisco, San Mateo county, and Brisbane fire departments. The shack up by the quarry caught fire, and was partially burned, and for a while it was feared that the big timbers under the tank on the hill would go.

The next day, Sunday, a rubbish fire got out of hand, and a wind carried it over to Schwerin and behind the Naval project. On top of the fright of the day before, it upset people a bit more than usual. With our vacant lots in here, we have come to accept grass fires as a necessary evil, but two in as many days was more than enough.

We sadly report another death in our valley. Mr. Frank Bull, father of Mrs. Pearl Haney, passed away September 2. Services were held at H. F. Suhr Co. on September 5.

Wash Trouble

Mrs. Walker, reident of the Naval Project, had a family catastrophy last week. She had done an enormous wash, including sheets, linens, clothing for the entire family, right down to a girdle. When she went out to take it in from the lines, there it wasn't. Someone had made off with every stitch.

Mrs. Walker reported the theft to the sheriff's office, giving them the laundry mark numbers, which she fortunately had. Please send it back to her, fellows. Stealing a washing is about as low as you can get, because in most cases, the clothing for the most part will not fit you, and must be destroyed any way, else someone should recogniz it. It adds up to practically no gai to the thief, and a big loss to Mrs Walker.

The L. Higgins family had com pany over the Labor Day week en Cousins from Lodi, and anothe couple came down. Lots to eat an some hot horse-shoe games pro vided the entertainment.

Dance

The Mr. and Mrs. Club are plan ning another dance. The last on was so much fun that the Club wa urged to do it again soon, so — centennial dance is being consid ered, with a tentative date of Sep tember 23.

The August 26 dance they gav with a back-to-school motif was hilarious costume affair, an chuckles are still being heard whe it is recalled.

Tiny Hughes is back from month's vacation in Middletown California, looking better than sh has for a long time. Wish vacation affected everyone as pleasantly.

Here's the deer story of th week. The Weiler family, of 21 Rio Verde, made a trip to Yosemit for a vacation. Mr. Weiler wa driving along, minding his ow business, when a big buck cam bounding out into the road, an committed suicide by throwing it self under the car wheels. No., Mr Weiler didn't go up there with an idea of trotting over hill and dale hot on the scent of a venison steak He was just a guy out with hi family to take in the sights. Th only thing that I can deduce fror this is that these deer hunter work too hard. Then again, Mr Weiler may have been just lucky He may have encountered a disa lusioned deer that was tired o dodging hunters.

The Mr. and Mrs. Club have picnic scheduled for September 17 at Marsh Creek Park. All member and their friends are invited fo a days outing with the gang.

School Days

Ah, school, school, wonderfu school. All the kiddies are out fror underfoot again for a spell, that is almost all of them. Won't th peace and quiet be wonderful? Jus being able to set down and hold quiet conversation without inter ruption has become something t be coveted. Of course, it's a bi unhandy when you want an errand run, but all in all, it's an improve ment. When school vacation i over, mothers' vacation is just be ginning. When nerves wear thin and tempers rise, the patter of lit tle feet is a grossly overrate thrill, says this mother of four.

Jefferson Elementary School District Consolidated Special Bond Election and Special Apportionment Authorization Election Notice

NOTICE IS HEREBY GIVEN to the qualified electors of Jefferson Elementary School District of San Mateo County, State of California, that in accordance with the provisions of the Education Code of the State of California governing such elections, a special bond election and a special apportionment authorization election have been called to be held and the same will be held, at the places hereinafter designated in said Jefferson Elementary School District of San Mateo County, State of California, on Friday, the 29th day of September, A.D. 1950, from the hour of 7:00 o'clock A.M. of said day until the hour of 7:00 o'clock P.M. of said day, during which period of time the polls will be kept continuously open, at which time and place there will be submitted to the qualified electors of said Jefferson Elementary School District of San Mateo County the following propositions:

PROPOSITION NO. A

Shall the Jefferson Elementary School District of San Mateo County incur a bonded indebtedness in the sum of Two Hundred Ninety-five Thousand Dollars for the purpose of raising money for the following purposes (which are hereby united and shall be voted upon as one single proposition) to-wit:

1. The purchasing of school lots;
2. The building or purchasing of school buildings;
3. The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation, or repairs;
4. The repairing, restoring, or rebuilding of any school building damaged, injured, or destroyed by fire or other calamity;
5. The supplying of school buildings with furniture or necessary apparatus of a permanent nature;
6. The providing of sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from each school property.

PROPOSITION NO. B

Shall the governing board of the Jefferson Elementary School District of San Mateo County be authorized to accept and expend an apportionment in an amount not to exceed Two Million, Eight Hundred Fourteen Thousand, Five Hundred Eighty-eight Dollars from the State of California under and subject to the provisions of Chapter 1.6 of Division 3 of the Education Code which amount is subject to repayment as provided by said chapter?

That said bonds hereby proposed to be issued and sold will be Two Hundred Ninety-five Thousand Dollars ($295,000.00) in aggregate principal amount, numbered consecutively from one (1) to and including Two Hundred Ninety-five (295), of the denomination of One Thousand Dollars ($1,000.00) each and will bear interest at the rate of not to exceed five per cent (5%) per annum, which interest shall be payable annually for the first year said bonds are to run and semi-annually thereafter, and shall mature as follows, to-wit:

Ten Thousand Dollars ($10,000.00) of said bonds shall mature in each of the years from and including 1952 to and including 1964; and Fifteen Thousand Dollars ($15,000.00) of said bonds shall mature in each of the years from and including 1965 to and including 1975.

For the purpose of said election the said Jefferson Elementary School District of San Mateo County is hereby subdivided and established by said Board of Trustees of Jefferson Elementary School District of San Mateo County into six (6) consolidated election precincts as hereinafter more particularly described which precincts contain all of the territory within said School District.

That the special bond election hereby called has been and the same is hereby consolidated with the special apportionment authorization election hereby called within the territory affected by said consolidation, to-wit, the Jefferson Elementary School District of San Mateo County; that the election precincts, polling places and voting booths shall be the same and only one form of ballot shall be used thereat which shall be in the form provided by the Board of Trustees of said Jefferson Elementary School District of San Mateo County for use at said consolidated special bond election and special apportionment authorization election on which shall be set forth the propositions hereby submitted to the qualified electors of said District. That the election officers shall be the same for each election and that said election shall be held in all respects as if there were only one election.

That the polling places hereinafter mentioned are hereby designated and selected by the Board of Trustees of Jefferson Elementary School District of San Mateo County as the places within said Jefferson Elementary School District of San Mateo County, State of California, where such election must and will be held.

The following named persons named as Inspectors and Judges of said election are hereby appointed by the Board of Trustees of Jefferson Elementary School District of San Mateo County to act as such officers of said election, and as such will conduct the same; each of said persons being a qualified elector of said Jefferson Elementary School District of San Mateo County, State of California.

The following is a description of the consolidated precincts and the respective polling places therefor and a list of the officers of said election above referred to and mentioned:

NOTICE OF IMPROVEMENT Westlake Subdivision No. 4 Project

NOTICE IS HEREBY GIVEN that on the 31st day of August, 1950, the City Council of the City of Daly City, California, adopted its Resolution of Intention No. 1306, wherein it did declare that in its opinion the public interest and convenience required, and that it was the intention of said City Council to order the following acquisitions to be had and improvements to be made in and for said City, to-wit:

The acquisition of a 60 foot easement for street purposes over the route of the old Ocean Shore Railroad right of way for its full distance through Westlake Subdivision No. 4, as shown on the map of Westlake Unit No. 4 thereof, being the portion thereof extending from the southeasterly line of Alemany Boulevard to the westerly boundary of the lands shown to be acquired in the action in eminent domain now pending in the Superior Court of the State of California in and for the County of San Mateo entitled Jefferson Elementary School District v. Henry Doelger Builder, Inc. et al, San Mateo County Civil Action No. 51720.

All of said work and improvements are to be constructed at the places and in the particular locations, of the forms, sizes, dimensions and materials, and at the lines, grades and elevations shown and delineated on the plans, profiles and specifications adopted therefor by the City Council of said City and on file for public inspection at the office of the City Clerk of said City.

Said City Council has determined that said contemplated acquisitions and improvements are of more than local or ordinary public benefit, and the costs and expenses of doing said work and the expenses incidental thereto shall be made chargeable upon a district the exterior boundaries of which are the coterminous exterior boundaries of the composite and consolidated area described as follows:

Beginning at a point on the Southeasterly line of Alemany Boulevard which point is the intersection of the Northerly production of the center line of Windsor Drive, thence Southerly along the center line of Windsor Drive and its Northerly production to its intersection with the center line of Southgate Avenue, thence Southeasterly and Northeasterly along the center line of Southgate Avenue to its intersection with the Northerly production of the Easterly line of Block 31, thence Southerly along the Easterly line of Block 31 and its production Northerly to the Northerly line of the lands to be acquired in the action in eminent domain now pending in the Superior Court of the State of California in and for the County of San Mateo entitled Jefferson Elementary School District v. Henry Doelger Builder, Inc., et al, San Mateo County Civil Action No. 51720, thence westerly and southerly along the Northerly and Westerly line of the lands to be acquired to the Southeasterly corner of Parcel D, thence Westerly and Northerly along the Southerly and Westerly lines of Parcel D, thence Westerly along the Southerly line of Parcel D and continuing along the Southerly line of Block 38 to the intersection with the center line of Maddux Avenue, thence Northerly along the center line of Maddux Avenue to the center line of Fairlawn Drive to its intersection with the Southerly production of the line between Lots 51 and 52 in Block 40, thence Northerly along the production Southerly of the line between Lots 51 and 52 and the line between Lots 51, 52, 25 and 26, said Block, thence Northwesterly in a direct line to the intersection of the center lines of Southgate Avenue and Elmwood Drive to its intersection with the center line of Westbrook Avenue, thence in a direct line to the southerly corner common to Lots 15 and 16 in Block 43, thence Northerly along the line between Lots 15 and 16 and Lots 5 and 6, said Block, and its production Northerly to its intersection with the Southeasterly line of Alemany Boulevard, thence Northeasterly along the Southeasterly line of Alemany Boulevard, thence Northeasterly along the Southeasterly line of Alemany Boulevard to the point of beginning, all as shown and indicated on the Map of Westlake Unit No. 4, Daly City, San Mateo County, California, filed August 25, 1950, in Book 32 of Maps at pages 8, 9 and 10.

Notice is hereby given that serial bonds to represent unpaid assessments, and bear interest at the rate of not to exceed five per cent (5%) per annum, will be issued hereunder in the manner provided by the Improvement Bond Act of 1915, the last installment of which bonds shall mature fourteen (14) years from the second day of July next succeeding ten months from their date.

Except as herein otherwise provided for the issuance of bonds, said work shall be done pursuant to the Municipal Improvement Act of 1913 (Deering Act No. 5215), as amended.

Notice is further given that the City Engineer of said City, pursuant to said Act and said Resolution of Intention, adopted pursuant thereto, did, on the 31st day of August, 1950, file with the City Clerk of said City his report in writing on said acquisitions and improvements, consisting of a written report generally describing the proposed acquisitions and improvements to be made hereunder, and having attached there to maps or plats thereof, and generally describing and referring to the plans and specifications, profiles, estimate of costs and improvements and incidental expenses, diagram and assessment filed with said City Clerk as parts of said report, and that said City Council did on said date consider and examine said report, and by resolution preliminary approved and confirmed said report and said estimate, and ordered that said report and said estimate stand as the report for the purposes of all subsequent proceedings had pursuant to said Resolution of Intention. The estimated cost of said improvement is $62,807.80.

NOTICE IS FURTHER GIVEN that Monday, the 9th day of October, 1950, at the hour of 8:00 o'clock P.M. in the Council Chambers, City Hall, Daly City, California, is the time and place appointed and fixed by said City Council for hearing protests in relation to said proposed acquisitions and improvements, and that any person interested, objecting to said proposed acquisitions and improvements or to the grades at which said work will be done, or to the extent of the assessment district, or to the City Engineer's estimate of the costs and expenses thereof, or to the proposed diagram and assessment for the costs and expenses thereof, may file a written protest with the City Clerk of said City at or before the time set for the hearing referred to herein.

Reference is hereby made to said Resolution of Intention and said report and said estimate of costs of said improvements, including the maps and descriptions, plans and profiles, specifications, diagram and assessment, for a more particular description of said acquisitions and improvements to be had and done, and for further particulars, all on file in the office of the City Clerk of said City, in said City Hall, Daly City, California.

Dated: August 31, 1950.

Summer Recreation Program Ends

Winding up the Daly City summer recreation program, a recreation jamboree was held at Marchbanks Park last Friday.

The program opened with a grand picnic at noon. A large open camp fire was kept roaring, over which the youngsters cooked hot dogs and potatoes. Also consumed were 100 pounds of watermelon and many cases of pop.

After lunch, until 4 p.m., the program included folkdancing, softball games and story telling for the smaller children.

The Daly City Recreation department staff enjoyed working with the many youngsters who attended the playgrounds and craft centers this summer.

"We certainly appreciate the fine assistance and cooperation extended to us by the Jefferson High school and Jefferson elementary school district boards, and by the Daly City Record," Elman Rose, director, said today.

He also extended thanks to all the other organizations and merchants who did so much to make the summer program a success.

Here's Where Courtesy Pays

San Francisco's Mayor Elmer E. Robinson today announced the initiation of a courtesy crusade to reward platform employees of the Municipal Railway for their courteous treatment of railway patrons.

The crusade which will be carried on over a period of one year beginning September 1, provides for a monthly cash award to the most courteous operator on the system. Each monthly winner in addition to receiving the award will be designated "Muni Man of the Month."

Through newspaper advertisements, car cards and other media, patrons of the railway will be invited to write to management, nominating candidates for the awards. Once each month letters received will be studied by a board of three judges and the outstanding operator of those nominated will be adjudged the "Muni Man of the Month." He will be given a $50 cash award and his photograph will appear for the succeeding month on special car cards on all transit vehicles.

NOTICE INVITING SEALED PROPOSALS OR BIDS Westlake Subdivision No. 4 Project

Pursuant to the Municipal Improvement Act of 1913, as amended, and the resolution directing this notice adopted on August 31, 1950, by the City Council of the City of Daly City, said City hereby invites sealed proposals or bids for the construction of pavement, curbs, gutters, sidewalks, sewer mains, wye branches, house laterals, manholes, storm drain pipe and catch basins for said City.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefore and preliminarily approved by said Council on August 31, 1950, and on file in the office of the City Clerk of said City, pursuant to Resolution of Intention No. 1306 of said Council adopted August 31, 1950, which resolutions are on file in the office of said City Clerk and to which reference is hereby expressly made for a more particular description of the work to be done and for further particulars.

Payments will be made in cash by said City to the Contractor on itemized estimates duly certified and approved by the City Engineer and said Council, based on labor and materials incorporated into said work during the preceding months by the contractor, but said City shall retain ten per cent (10%) of the amount of each such estimates, and the accumulation of said amounts so retained from said progressive payments will be paid to said contractor thirty-five days after the completion and acceptance of said work by said City Engineer and said Council.

Notice is hereby given that on August 31, 1950, the Council adopted a resolution determining the general prevailing rate of per diem wage to be paid to the various craftsmen and laborers required to construct said improvements, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for further particulars.

All proposals or bids shall be accompanied by a certified check payable to the order of the City, amounting to ten per cent of the bid, or by a bond in said amount and payable to said City, signed by a corporate surety or by the bidder and two sureties who shall justify before any officer competent to administer an oath, in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said City in case the bidder depositing the same does not, within fifteen days after written notice that the contract has been awarded to him, enter into a contract with the City, the faithful performance of which shall be secured by an undertaking in the amount of 50% of the amount so bid, with sureties satisfactory to said Council, and which shall be accompanied by a labor and material bond in the sum equal to 50% of the amount of said bid, under the provisions of Title 1, Division 5, Chapter 3 of the Government Code.

The City shall furnish the opinion of Messrs. Kirkbride, Wilson, Harzfeld & Wallace approving the legality of the proceedings.

Said sealed proposals shall be delivered to the City Clerk of said City on or before eight o'clock P. M. of the 9th day of October, 1950, at the regular meeting place of said Council, Council Chambers, City Hall, Daly City, California, said time being at least ten days from the time of the publications and mailing of this notice. Bids will be publicly opened, examined and declared on said day and hour.

A copy of the plans and specifications may be obtained from R. A. Klassen, City Engineer, 2382 Broadway, Redwood City, California, upon deposit of $10.00 therefor.

Dated August 31, 1950.

TOURNAMENTS & EVENTS

Annual Badminton Title Goes To South And Barbara Baden; Winners Get Awards

By Erle Johnson

Wednesday and Thursday nights (August 23, 24) were busy ones for those people in the Recreation Department's Annual Badminton Tournament.

Glen South finally won the men's open singles, and Barbara Baden was the winner in the women's open singles. On Thursday night Glen South and Don Woll joined forces to defeat Tom Tromborg and Dan Wilson in the open doubles.

The winners were presented gold trophies which were in the shape of a badminton bird and based on a black cylinder. This tournament was free to all who wished to enter and was another of the many activities offered by the Daly City Recreation Department.

Miss Beverly Clement was the chairman for the tournament and was assisted by Bucky Linhares. Again the Recreation Department wishes to thank the Jefferson High School Board of Trustees and Mr. Hannah for the use of the gymnasium and other facilities.

The following is an account of how the tournament progressed and the names and scores of the players and their games. In the womens' singles Jackie Conci lost to Joan Mays 11-8, 11-8; Ann Hickey lost to Barbara Baden 11-2, 11-6; Mays lost to Jeanette Costa by forfeit, and in the finals Baden defeated Costa 11-6, 11-6, to take the championship.

In the men's open singles Glen South beat Mike Larime 15-0, 15-1; Jim Hickey beat Jack Lewis 15-5, 15-3; Dan Wilson downed Al Figone 15-1, 15-1; Bob Kalinin took Don Woll 15-13, 13-15, 15-13; Tom Tromborg beat Bob Crowley 15-4, 15-11.

In the semi-finals South defeated Wilson 15-7, 15-4; Tromborg defeated Kalinin 15-1, 15-9, and in the finals South downed Tromborg 15-10 and 15-6, to win the championship.

In the open doubles Tromborg and Wilson beat Falbo and Garcia 15-13, 15-10; Ann and Jim Hickey lost to Perira and Baden 21-19, 21-11; Woll and South beat Van Staven and Rector 15-1, 15-0; Crowley and Costa beat Mays and Conci 15-0, 15-0; Lewis and Figone lost to Van Staven and Rector 15-14, 15-9.

In the semi-finals Tromborg and Wilson beat Pereira and Baden 15-5,, 15-5, and Woll and South beat Crowley and Costa 15-9, 15-2.

In the final match of the tournament and by far the best games to watch, Woll and South came back strong after trailing 1-10 to defeat Tromborg and Wilson in their first game 18-17 in a set game. In the second game after a sea-saw game the same two again came out on top with the high score, this time 15-12, to win the match and the tournament.

Marie's Place Splits Two Labor Day Games

by Angelo Craviotto

Last Sunday Marie's Place played its Labor Day double header one day early, losing one to R. W. McCulloch 10 to 3 and winning one from The Larks 8 to 3.

In the game with McCulloch, the boys played before their largest crowd who went home convinced that Marie's nine were a better bunch of comics than ball players.

Allain, who was the starter, was hit from pillar to post and Burton, the relief pitcher, couldn't quite find the plate. There was only one thrilling moment for Marie's, when with two men on Marrs slashed a ball 301 feet against the left field fence only to have it brought down by Passaglia with a one handed leaping catch.

In the second game the boys were in fine shape. On the mound Donley struck out 18 batters and gave up only three hits.

From the start Marie's collected three consecutive singles by Craviotto, Delfino and Baher to drow the first blood in the contest.

Vic Baher won the batting honors with two singles, one double and drove in three runs.

By splitting their two games, Marie's has won six out of 10 starts.

Until next week I'll see you at 6005 Mission street.

Volunteers Needed To Register Voters

Members of the San Mateo County Democratic Central Committee began contacting registrars today in an effort to line up volunteers to take over the job of registering voters in places of public assembly before Thursday, September 14, the final registration date.

Under the direction of Richard Armstrong, chairman, schedules are being arranged for daytime and evening coverage of all local gathering points such as markets and theatres.

Committee members are Mrs. Harry J. Otto, Frank Kent, John Roselli, Emmet I. Campion and Emil A. Holgerson.

Marion H. Kent, Democratic County Chairman, is cooperating with the county United A.F.L. committee in requesting the Mayors and County Supervisors to proclaim the period of September 8 through 14 as "Registration Week."

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

COCKLES — September 1 to April 30 in counties north of San Luis Obispo county. No closed season elsewhere. Bag limit: 50. Minimum size limit: one and one-half inches in diameter.

SPORTS

Craft Exhibit Highlights Season End Of Activities

A craft exhibit and demonstration at the Jefferson High school cafeteria was held last Wednesday evening. This wound up the summer craft's program sponsored by the Daly City Recreation department.

Some 250 people inspected the many crafts projects on display and observed the 40 children who demonstrated 22 crafts and projects. James Kraywinkel and Mrs. Maurine Guymon were in charge of the event.

As an added feature this year the Jefferson elementary playground, directed by Beverly Clement, displayed its playground museum which included various nature items collected by the children on their nature hikes this summer. Of special interest was the demonstration of a water snake swallowing a young frog. The snake has been in captivity for most of the summer and had to be fed frogs every week.

The craft exhibit was followed by a stage variety show and movies in the auditorium. The movies included a showing of a 20-minute film demonstrating this year's Daly City May Day parade.

Sarto's vs. Haight Fillmore Merchants at Funston No. 2.

Three Daly City Men Reach Japan

Staff Sergeant William A. Gfroerer reported from Japan that while enroute he met two other Daly City men on the Marine troop transport.

The well known Daly City Marine and former employe of the Daly City Record, is now in Japan with the First Marine Division.

In a letter to his wife Mrs. William A. Gfroerer, Bill said that while he was on the ship he saw James Sunderland, son of Chief-of-Police W. W. Sunderland, and Frank Tringali formerly of the Daly City Band.

Canadian Mail Service Curtailed

Postmaster John F. Fixa today announced receipt of an order from Postmaster General Jesse M. Donaldson limiting mail service to Canada. The order follows:

"Effective at once, due to a temporary suspension of railway service in Canada, only the following classes of mail, paid at the surface or air mail rates, may be accepted for delivery in that country:

"Letters and post cards in their usual form.

"Parcels, letter packages or 8-ounce merchandise packages containing medicines, specimens for medical analysis, or similar urgent shipments."

Pigeon Hunting Season Opens

The first half of a split hunting season for band-tailed pigeons begins one-half hour before sunrise Saturday, September 16, under State and Federal regulations announced by the California Division of Fish and Game.

With the first season ending September 30, a second 15-day shooting period is slated between December 17 and December 31. Shooting hours begin one-half hour before sunrise and end at sunset each day.

Pigeons may be taken with bow and arrow or with a shotgun not larger than 10-gauge fired from the shoulder. Guns must be plugged to hold not more than three shells.

Pocket Sized Books Needed For Troops

An urgent request for pocket size editions of mysteries, westerns, novels, etc., has been received by the San Mateo County Chapter, American Red Cross. Clean, complete decks of playing cards are also on the list.

These items are for use of the military, on troop transports, hospital ships and overseas. Miss Elizabeth Mack, Volunteer Service Chairman, is appealing to all residents of the community to aid in collecting the books and cards as soon as possible.

Packages may be mailed or brought to the Chapter House, 1449 Bellevue avenue, Burlingame.

Lack Of Players Forces DC Mustangs To Play "Left Out" Position This Year

Playing the "left out" positio the Daly City Mustangs will not b operating on the football field th year.

Allen Pettigrew, manager of th team, said that due to the war, an lack of manpower it has bee necessary to cancel any plans fo the Mustangs.

"As we can't get enough player it will be impossible for us to pla as a team," Pettigrew said. "How ever, we hope in a year or two t be back in the running."

The Mustangs have been repre senting Daly City on the footba field for the past three years. Las year they came close to winnin the pennant in the league.

Most of last year's players wi be wearing uniforms for othe teams in the league this year.

Loophole Plugged In Striped Bass Fishing Law

Fish and game wardens are no longer stymied by the claim that a commercial fishing law violator's striped bass is a piece of legal sea bass, thanks to a fool-proof method of identifying bass flesh developed by the San Francisco City toxicologist.

Proof that the scientific approach works in the total of $750 in fines recently levied against the Consolidated Fisheries Company and the DiMaggio restaurant of San Francisco for possession and sale of striped bass.

In the first successful use of ultraviolet rays for detecting striped bass flesh, City Toxicologist Dr. Charles H. Hine convinced a San Francisco jury that the disputed fish was illegal. Microscopic identification and the testimony of experts clinched the State's case.

Late in April, California Fish and Game Warden Willard R. Yuna found 125 pounds of filleted strippers at DiMaggio's restaurant on Fisherman's Wharf. Chef William Starr reported they were purchased from Consolidated Fisheries as sea bass.

Following three months of hearings and delays, Municipal Judge Herman van der Zee fined the Consolidated Company $250 on each of two charges after the jury's guilty verdict.

Thomas DiMaggio, representing DiMaggio's restaurant, was sentenced by Municipal Judge Carl H. Allen to pay a fine of $250 for illegal possession of striped bass.

The case marks the first time a court has recognized that a whole fish can be identified from a small part and the first time expert testimony has been introduced for that purpose.

Motorist, Spare That Child

Motorist, spare that child!

With school bells about to rin again throughout the state, tha appeal was made today by th California Highway Patrol.

Urging that motorists be extr careful these September days— particularly when driving nea school grounds—the Highway Pa trol stressed the motorist's re sponsibility for child safety. Ac cording to the Patrol, 586 child ren of school age were killed an 21,487 were injured in traffi mishaps in California last yea many of them preventable.

The actions of children are of ten completely unpredictable, was pointed out, and if that tragi toll is to be reduced this yea drivers must be alert for young sters at all times.

"When children are around slow down so that you can sto in time to avoid a tragedy," wa the Patrol's advice. "Be sure o your brakes—alertness will no suffice if your brakes fail to hol in an emergency."

FISH AND GAME NOTES

by Jimmy Fox

Deer season is pretty well on its way, and the looks of things this year show it to be slightly behind last year in reported kill.

Reasons for the decline of approximately 1800 killed deer over the same period last year are varied. Most important is the fact that the Lake County deer had a bad winter and are now having a dry summer. The Winters and Yolo county area are reporting many deer dead of hoof and mouth disease. This affliction is not carried to humans but is easily transferred to other deer and also to sheep. It thrives around muddy and stagnant water holes and the deer at this time of the year frequent these places for water. The one good remedy is to get a bulldozer or plow into the area and turn over the contaminated soil.

Any hunter killing a deer that may show signs of being sick should report it to the Division of Fish and Game, Ferry Building, San Francisco, or the nearest game warden.

Looking for Buck

Local Rod and Gunners are for the most part still looking for a buck to shoot at. Al Speers hasn't gotten his buck, although he had seen several which be claims were too small. H-mmmmm-mm-mmm sounds a bit fantastic, doesn't it?

George Archer is still chasing around the ridges and has yet to down a buck.

Smokey Shalkowski as usual this year has spent his quota of time in the woods and hasn't ever seen a doe yet (he says).

Bob Pollock and Bill St. Clair are still at the top of the heap with the largest deer taken locally this year. Both were taken in Mendocino county during the first week of the season near Dos Rios on the Eel River.

Salmon fishermen are hitting and missing the fish these days and all are waiting for the usual fall run of large fish to hit the area.

The San Francisco Tyee Club has its Tyee Day on the ocean scheduled for September 24. Any members wishing to get in their reservations should contact General Raymond Briggs, by phoning GR. 4-0231. Call now or you may not get a reservation for there will be no boats left in a week or so.

Stripers are hitting bait in the Rodeo flats and at times are being taken by trolling the same area. Incoming tide seems to produce the best results.

Good Fishing

Last week the canneries on the Klamath River were working overtime canning the fish caught by sportsmen. Over 80 large fish were taken in one day near the mouth of the river. The run of fish there this year, according to the boys who fish there often, is larger than usual and points to a good fall run. Many 35-pound fish were taken.

On September 1 and 2 residents of California may indulge in a new kind of shooting. For the first time the season will be open on sagehen. The open season is confined to Mono county alone and only two birds may be taken per day and no more than two per season.

Scatter-gun shooters are also ready to invade the areas inhabited by the swift-flying ball of feathers known as the California Mourning dove.

Quote-Unquote

And here is a quote by my friend Mel Harvey of the Southern Pacific Rod and Gun Club.

"Let us take for granted that you belong to a sportsman's group.

"Let us also assume that you are regular with your dues, attend all business meetings, and take your turn serving on the committees. Right there, we will also assume it stops.

"That is a fairly accurate picture of 85 of every 100 members of sportsmen's clubs all over the United States. Being a sportsman entails more than just the small rightful share of those things that belong to all of us.

"All these years you have been taking — but have you ever really given? What do you do as your share of restoring that which you remove each year? When you read a newspaper article regarding our conservation programs to come, and it does not meet with your sincere approval — what do you do about it? Do you, like most, forget about the whole thing as soon as you have finished your paper?

"What is your record at the polls where fish and game measures, important to all citizens, are at stake? Did you vote, or did you 'let George do it'?

"Do you ever take a youngster fishing? And if you do, do you just sort of try to live through the experience, or do you make an effort to teach that boy the fundamentals of good sportsmanship?

"We have been looking at the record, and it is pretty bad. Bad enough to indicate that a housecleaning is in order for most sports groups. And that it is high time all of us did a bit of soul-searching. Let's all get rid of the dead wood and build an edifice that will stand for at least a generation to come."

BASS ANGLERS "STRIKE FOR STRIPERS"

You striped bass anglers are going to have a chance to Strike for Stripers, instead of merely letting the stripers do all the striking for you.

It is all to come about in such an easy and enjoyable manner, that you will not lose one bit of the fun you now enjoy while fishing for those gamesters that frequent our coastal and inland waters. As a matter of fact, the program being set up is not only designed to benefit you individually as striped bass fishermen, from the point of view of better fishing, but if you are as lucky in the final turn as some of you are when fishing, you're in for a bigger share of fun than has been enjoyed by most people since bobbing for apples was regarded as the nation's number one parlor game.

The San Francisco Striped Bass Club, a member of the Associated Sportsmen of California, Inc., is sponsoring a plan for gathering additional biological data and other technical information appertaining to the habits of the striped bass. The plan will appeal to every angler, sportsman, organization or club, interested in the conservation of one of this, our state's finest and most profitable natural resources, the increase of our striped bass.

There has in the past been a dearth of technical information available with reference to the habits of the striped bass. True, some information concerning these splendid game fish was known to the department of fish and game, but the information was meagre and spotty. Some time ago, Alex J. Calhoun, District Fisheries Biologist, for the California Division of Fish and Game, prepared an excellent work paper regarding the studies made of the striped bass. In the general over all picture of the study, it was definitely noted that the conservation program, with regard to stripers was clouded and obscure, due to the fact that only fragmentary data was available, touching upon the migratory habits of the striped bass.

In an effort to secure necessary biological data, which is so vital before setting up of a proper conservation program, the Division of Fish and Game did over a period of time tag some 1900 stripers of varying sizes and weights. The division is more than anxious to secure reports concerning all fish taken bearing tags. The division requests that any individual taking tagged stripers carefully note the following characteristics of the fish; weight, length, girth, date and location where caught.

It is suggested that your letter, bearing tag and requested data, be mailed to the following address: Alex J. Calhoun, District Fisheries Biologist, California Division of Fish and Game, Ferry Building, San Francisco, California.

Upon receipt of your letter, the division will forward to you a handsome wallet size card, encased in plastic, acknowledging your participation and cooperation in this conservation plan. Why don't you make a real effort to be the first in your club or part of the country to carry one of these cards?

As of this time 60 tags have been returned to the department, since the first of the year. Those tag holders, together with all registrants who have checked in by August 31st, 1950, will be eligible to participate in a public drawing to be held on September 13th, 1950, at the monthly meeting of the San Francisco Striped Bass Club, at their club rooms at 1750 Clay Street, San Francisco, California. Winners will receive assorted items of fishing gear anyone would be proud to own. All registrants as of the date of drawing and all fishermen registering tags by December 31, 1950, will be eligible for the drawing of the grand prize, particulars of which will be announced at a later date.

This is your opportunity as "Mr. Average Fisherman," to do your part in the interests of CONSERVATION of striped bass. Why not then tell your fishing pals and buddies about the program and in the event that you or your friends do not happen to land a tagged striper, don't take the attitude that you're not in on the party. It may be that you or your pals have heard of somebody that has landed a tagged fish. If that is the case, see if you can induce the lucky guy to send in his tag, with the other information requested, for in so doing you will have done your part as a true sportsman by Striking for Stripers with the same force that Stripers Strike for You.

Meet America's Savingest "SIX"

IF IT'S LOW purchase price . . . if it's low fuel consumption . . . or if it's "stand-up" you're looking for in an engine (plus, of course, outstanding performance) the new Ford "Six" is *your* power plant! For this lowest-priced Ford engine is economy engineered to bring you savings all three ways. It's *quiet* engineered, too . . . "hushed" to whisper while it works.

TRY ITS "MID SHIP" RIDE

One "Test Drive" and you'll know the relaxing comfort of Ford's road-hugging "Mid Ship" Ride . . . you'll sample the silence of Ford's sound-conditioned "Lifeguard" Body . . . and you'll feel the safety of Ford's 35% easier acting King-Size Brakes.

"Test Drive" the FORD "SIX" today!

IT'S A COMPANION IN QUALITY TO FORD'S SILENT NEW V-8

Yes, "Six" or V-8, you're sure of smooth, silent quality at rock bottom price. Ford's V-8, you know, is the same type of engine that powers America's costliest cars—yet it sells for hundreds lower than most sixes. And Ford's "Six" costs even less.

White sidewall tires optional at extra cost.

Freedom Bell To Ring Through All Of California

California's Freedom Bell will be greeted throughout the State during the next several weeks by California's Freedom Belles.

As a feature of the Crusade for Freedom, educational drive against communism, which began this week, the huge Freedom Bell will be taken on a tour of California communities, it was announced today by Lt. General Ira C. Eaker, state chairman.

In each community visited by the bell, a Freedom Belle — a young woman chosen by lot to represent the local Crusade committee — will play a leading role in official ceremonies, General Eaker said. High school girls, college co-eds and other young women will be eligible to become Freedom Belles.

"The Crusade is a positive mission against Communism," said General Eaker. "We need and want patriotic young women to volunteer to help circulate the Declaration of Freedom scrolls for signature, and thus be of important assistance to local Crusade committees. This is a real opportunity for service."

Beginning September 4, when General Dwight D. Eisenhower opened the Crusade with a nationwide address on all four major networks, the Crusade will continue through October 16. Signatures of 10,000,000 Americans on the Freedom scrolls will be sought. Later the Freedom Bell will be enshrined at Templehof Airdrome in Berlin as a symbol of courage and hope to oppressed peoples of Europe and Asia.

Funds raised during the Crusade will be devoted to construction of shortwave radio stations for beaming mesages through the Iron Curtain.

United AFL Committee Urges All To Register

Letters requesting that the period of September through 14 be officially proclaimed as "Registration Week" were sent to all San Mateo county mayors and the chairman of the San Mateo county board of supervisors today by the United A. F. L. Committee of San Mateo County, who are going all out in a major drive to increase registrations and are asking nonpartisan groups and representatives of both major political parties to cooperate.

Signed by John C. Healy, committee chairman, the letter read:

"We respectfully urge you to proclaim officially and immediately the period of September 8 through 14 as "Registration Week" in your community.

"We also ask that you appeal to all those who may not yet be registered to be certain to register before the close of business on Thursday, September 14. This is the final date of registration for all those who wish to be eligible to vote in the November elections.

"We feel that, with our young American boys dying in Korea to help preserve our democratic ways of life, it is not too much to ask any American citizen to use one of the most democratic ways . . . that of a free person to vote freely.

"We are asking all other organizations in San Mateo county, including non-partisan groups and representatives of both major political parties, to join us in this request for an official proclamation and in the registration drive.

"We shall greatly appreciate your cooperation."

A small tribe of Indians, the Chemehuevi, occupy a reservation on the Colorado River between Ehrenberg and Parker, Arizona.

Millerton, now submerged behind Friant Dam, was the Fresno county seat from 1856 to 1874.

FAIR ORGANIST

Miss Eunice Steele, noted organist who again will be one of the stellar attractions at the San Mateo County Fair and Floral Fiesta which opens September 8, giving afternoon and evening recitals from a platform in a floral setting of the great hall in the Fiesta building. Sponsored by the Burlingame Chamber of Commerce, this is her fourth year as organist at the fiesta.

SF Hall of Flowers Plans Up For Study

City and State architects are now studying plans for San Francisco's proposed Hall of Flowers to be erected near Strybing Arboretum in Golden Gate Park, it was reported this week by Glenn T. Mack, manager of the San Francisco Flower Show, Inc.

The Board of Supervisors has asked the State director of finance to transfer $200,000, now in the State's special fund for fairs, to the city for construction purposes.

The proposed Hall of Flowers would, in addition to housing the annual San Francisco Flower Show, which in the past has been held in the rotunda of the City Hall, provide quarters for various horitcultural and similar organizations in San Francisco.

Navy Lowers Physical Rules

The Navy recruiting office in San Mateo announces that enlistments are unlimited. Physical requirements are somewhat lowered in regards to eye and teeth requirements.

Young men between the ages of 17-31 are asked to drop in at the Post Office building in San Mateo or the county courthouse in Redwood City and inquire about the unlimited opportunities the Navy has to offer. Remember, you don't need experience. If you show the right qualifications, the Navy may send you to a trade school and give you training — teaching you to be an expert in the trade for which you are suited — helping you to develop the skill and talent which you always knew you had.

If you want to belong to an organization that is progressive, that is successful and that is respected and honored by other professions, then inquire at the Navy recruiting office in the Post Office building in San Mateo or the county courthouse in Redwood City. Phone DIamond 4-2781 or EMerson 8-0521.

Complete Medical Center Opens In Brentwood

Brentwood Company, developers and builders of the Brentwood Subdivision of 700 fully-occupied homes, today announced the opening of a complete medical center in the business district of this model South San Francisco development.

Dedicated to the service of residents of northern San Mateo county, the new medical center is conveniently located a block off El Camino Real, on the west side, just north of Tanforan. The perfectly appointed, functionally-modern office building embodies the most advanced design both from the standpoint of the architect and the physician.

Major branches of medicine and surgery will be represented by qualified specialists. Dr. William L. Minkowski, who has been practicing in the area for several years, will be in charge of general medicine.

Infants, children and adolescents will be under the supervision of Dr. Edward E. Weinfield, formerly of the children's department of Chicago's famed Cook County Hospital.

Maternity cases and female diseases will be cared for by Drs. A. and H. Bernstein, two leading San Francisco obstetricians.

A qualified dentist will also be in full-time attendance, and the services of surgical, eye-ear-nose-and-throat and skin doctors will be available.

Completion and dedication of the new Brentwood Medical Center by the Brentwood Company is an important contribution to the welfare of residents of Brentwood and the neighboring communities. Ample parking space is provided and rapid bus service from surrounding areas is available.

Clam Digging

The search for cockles in all counties north of San Luis Obispo county, and for clams in Humboldt and Monterey bay areas becomes legal September 1, the Division of Fish and Game reports.

There is no closed season on the bivalves elsewhere in the State. The eight-month season ends April 30 in the restricted areas.

Bag limits are 50 cockles, 30 razor clams, 10 big neck clams, 10 Pismo clams, and 10 Washington clams. There is no limit on jack knife clams.

Pismo clams must be five inches in diameter or larger, while the minimum size limit for cockles is one and one-half inches.

Officials Named

The California Horse Racing Board yesterday sent approval of the list of officials recommended for the San Mateo County Fair's five day meeting scheduled September 9-14 at Bay Meadows, according to Ralph C. MacArthur, a director of the fair.

The officials include: Don Blair, presiding steward; Norris Royden, associate steward; George Murphy, steward representing the State; Ivan Thomas, racing secretary; Sid Swanson, starter; Charles Dougherty, Solly Tichner and C. E. Groves, placing judges, and Dr. O. A. Longley, veterinarian. Harold Dwyer will be the mutuel manager.

There are to be ten races daily, eight of which will be running, one harness and one quarter race. At the conclusion of the fair, running races will continue daily except Sunday at Bay Meadows through November. Some of America's best thoroughbreds will be on the Bay Meadows track for these events.

Post Office To Issue New Stamp

Postmaster John F. Fixa today announced that the Post Office Department is preparing to issue a new 6-cent air mail embossed stamped envelope on September 22 through the Philadelphia, Pennsylvania, post office in conjunction with the annual convetion of the American Air Mail Society.

The envelope will conform in design to the 5-cent air mail envelope of 1946, except as to denomination, being rectangular in shape and printed in red.

Stamp collectors desiring first-day cancellations of the new 6-cent air mail envelopes may submit orders to the Postmaster, Philadelphia, Pennsylvania, for not more than five to be dispatched on the day of issue, plainly indicating full name and address for each envelope. Remittances to the postmaster should be included with the request as follows:

One cover, 7c; two covers, 13c; three covers, 20c; four covers, 26c; five covers, 33c.

The envelope to the postmaster should be endorsed "First Day Cancellations New 6-Cent Air Mail Envelopes." No requests for uncancelled stamped envelopes to be dispatched under cover will be accepted.

Cogswell Poly College Accepting Applications

The Cogswell Polytechnical College is now accepting applications for admission to the fall term, which begins on Monday, September 11.

Cogswell is an endowed technical institute which offers two-year courses in electronic, mechanical, and structural engineering to properly qualified high school graduates. There is no charge for tuition —Cogswell, in this respect, has been rendering a public service since 1887.

The college is located at 3000 Folsom street, San Francisco.

DISOBEY THAT IMPULSE

When you drive, curb any impulse to make a sudden turn. Plan your turn ahead, move into the correct lane, and give a clearly understandable signal, advises the California State Automobile Association.

Centennial Fiesta Opened Friday

San Francisco's gala celebration of 100 years of Statehood got under way Friday night, September 1, with lighting of Market street's pathway of jewels and 100 candles on a mammoth birthday cake in the Civic Center.

The birthday cake is decorated with glistening coating. In the base of the structure the famous dioramas of San Francisco, which were seen by millions during the Golden Gate International Exposition and at the Portsmouth Plaza Centennial Center, have been installed.

Some 800 actors are in final dress rehearsals for one of the outstanding features of the Statehood commemoration — the "Cavalcade of California," which will be presented each night of the celebration in an outdoor amphitheatre in the San Francisco presidio where some 10,000 persons can be accommodated. There is no admission charge to the Cavalcade and free parking will be provided on the parade ground at the Presidio, as well as additional space on streets in the vicinity. The Municipal Railway is setting up shuttle bus lines for the nights of the pageant, one running from the parade ground to the pageant site, and one connecting with Geary and California street lines.

On Saturday, September 9, one of the longest parades ever held in San Francisco will bring the celebration to a close. Almost 200 entries have been received, including floats, marching units, bands, and 21 historical especially designed floats provided by the State Centennial Commission. These floats depict historical events in California's colorful history, the county in which the event took place jointly sponsoring the entry.

The San Francisco Citizens' Committee for the Centennial Celebration has arranged fireworks displays at Aquatic Park, at the foot of Van Ness avenue, for the nights of September 2 and 8, and a giant Mardi Gras in the Civic Center Saturday night, September 9.

WHEN CAR IS NEW

It is when the car is new that the driver should train himself to notice the various instruments, points out the National Automobile Club. They likely will be in a different arrangement than on his old car. It will pay to keep an eye on them until the practice becomes a subconscious one. Latest instrument groupings help considerably to make this job an utterly simple one.

Russia, Germany, Poland, France and the United States were the ranking potato producing nations in 1949.

County Relief Payments Gain Over Last Year

General relief payments in San Mateo county amounted to $17,778 for June, 1950, down $18,729 over payments advanced for the same period in 1949.

Total relief payments in the county reached $291,631 for the month of June, 1950, compared with $226,856 for June, 1949.

Aid to needy children has skyrocketed to $63,098 for June, 1950, compared with $28,214 for June, 1949.

Aid to the needy aged for June, 1950, amounted to $204,108 compared with $174,855 payments to the aged in the county for June, 1949.

Vets Get First Chance At Housing

Any person now serving in the armed forces of the United States, or who has served on or after September 16, 1940, and who has been discharged, other than dishonorably, is assured for himself or family first chance in the purchase or rental of new housing accommodations, it was announced here today by George A. Wagner, acting area rent director.

He referred to what is known as the veterans' preference provision of the Housing and Rent Act of 1950, which federal law continues effective through June 30, 1951. The San Francisco rent office, he said, has detailed information about the preference requirements for interested veterans or builders.

"The veterans' preference applies to housing which has been completed since June 30, 1947," said Wagner. "In the case of new construction, or conversion of existing dwellings offered for rent or sale, the accommodations must be publicly offered exclusively to veterans, or present servicemen and their families during the period of construction or conversion and for a period of 30 days after completion, and for a period of seven days prior to a subsequent sale or renting or offering to non-veterans.

He said owners of such property for rent or sale are required to make known such offerings by advertising and posting of placards on the premises. Wagner added that the preference applies anywhere in the country, not just in areas having federal rent control. He emphasized it is increasingly important to home-seeking veterans and servicemen because of the restrictions on residential construction recently announced by the President in the Korean crisis.

Garnet occurs at many localities throughout California, but has not been mined in quantity.

The first game refuge in North America, Lake Merritt in Oakland, was established by the legislature in 1870.
